Horoscope

Tuesday, February 23, 1915. (Copyright, 1915, by the McClure Newspaper Syndicate.)

During the morning hours today the planetary directions are helpful, Mars ruling with power for good. Neptune is mildly adverse.

The benefic aspects of Mars are believed to be conducive to ambition, energy, courage and perseverance. This should be a day in which to deal with business and professional problems.

There is a sign presaging activity in military affairs. It is an auspicious time for making decisions and discussing army and navy exigencies. It is prophesied that carpenters, lumbermen, machinists, smiths, hardware merchants and stock-raisers, all of whom are influenced by Mars, will reap large returns for labor. They are to supply unexpected demands and sell to new markets.

This should be a lucky day for surgeons and dentists. They will prosper greatly in the next few years. Soliciting and canvassing are under a guidance believed to be unusually fortunate.

According to ancient lore this configuration was most favorable for sailing, buying and transporting animals. As Neptune is not friendly, however, foreign shipments may not reach their destination.

While this government prevails it is wise to guard against fraud and deception. Investments should be postponed.

It is not a good time to enter new partnerships or to form new associations of any sort.

Increase of crimes that are unusually heinous is prognosticated. Robberies and burglaries will be reported from all parts of the country and police intervention will be futile.

Municipal scandals in Eastern cities are indicated. Some of these will cause serious embarrassment to the Federal government.

Deaths among men of prominence will be numerous from this date until the beginning of summer, astrologers declare.

Persons whose birthdate it is may look forward to a busy year in which there will be worries about trifles, but no serious anxieties.

Children from this date will be active and industrious. Both boys and girls should be successful in business. As subjects of Places they may be fond of mystery and romance.

STOMACH UPSET?

Get At the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested food you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain. Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

SEN. WM. CRAIG HAS A SCALP WOUND

State Senator William Craig of Ogden was painfully injured Saturday, in Salt Lake City, by being struck on the head with a chip of granite, while building in front of the state capitol building. He was talking with some friends when the piece of stone fell, cutting through his hat and inflicting a severe scalp wound.

The wound was sewed by a physician and the Ogden man was able to

attend to his legislative duties that came up later in the day, though he suffered considerable pain. He passed yesterday and today in Ogden and expects to return to Salt Lake tomorrow fully able to take up his work when the legislature reconvenes.

RECENT AIRSHIP DISASTERS HAVE MODIFIED PLAN

Copenhagen, Feb. 21.—The disasters that have befallen the German air fleet off the coast of Denmark have revolutionized the plans of the German admiralty staff. The failure of the raids on the English coast also has modified Admiral von Pöhl's blockade scheme.

The German admiralty staff has now declared that no more risks can be taken with Zeppelins in the North sea during the stormy season of the year.

The reason for the Zeppelin activity off the Danish coast since the disasters of last Wednesday is stated to be to prosecute a search for the missing four men of the Zeppelin L-4, who sprang into the sea when their ship caught fire.

BERNHARDT HAS LEG AMPUTATED

Famous Tragedian Courageously Submits to Operation After Several Years of Suffering.

Bordeaux, Feb. 22, via Paris, 11:15 a. m.—The right leg of Madame Sarah Bernhardt, the famous tragedienne, was amputated today at the St. Augustine, at Arachon.

The operation, made necessary by an affection of the knee which had caused much suffering for several years, was performed by Professor de Luce of the Bordeaux university.

Professor Luce was to have conducted the operation yesterday, but he was called to the colors to serve at the Val-de-Grace hospital in Paris and he found it impossible to leave his duties for several days.

Madame Bernhardt refused to submit to a delay of what she courageously called her leg, and she was operated on today.

Dr. Pugmire, E. X. Weakley, William Worman, Ervin Ford, C. H. Crawford, Charles Matthews, Glen Williams, H. Lotz and C. E. Yorgenson were halted yesterday afternoon at Twenty-eighth street and Washington avenue and taken to the police station by Officer William Keas. John Wilson was halted at the same intersection for riding a motorcycle on the wrong side of the street.

DOUBLE KILLING IN RUPERT, IDA.

Rupert, Ida., Feb. 21.—A double tragedy that has shocked the community occurred last night at Minidoka, a small village some fifteen miles from Rupert, when T. W. R. Nelson, a prominent citizen, merchant of Rupert, shot and killed Mrs. Nellie M. Pittenger, also of Rupert, afterwards turning the gun upon himself with fatal effect. Mrs. Pittenger, who conducted a boarding house here, also owned a dry ranch near Minidoka, cornering on Kimball, and had reached Minidoka on her way home from a visit to the ranch. Learning of her return, Nelson boarded the evening train from Rupert and went to Minidoka to meet her, finding her at the hotel.

A coroner's inquest was held this morning. The principal witness at the inquest was Mrs. Edna Hunter, a sister of the murdered woman, who was present when the shooting was done. She testified that Nelson followed her sister upstairs and that she had remained in the room, realizing that Nelson had a gun and had been drinking. She asked Mrs. Pittenger: "Are you going to marry me?" She said, "No, I wouldn't marry the best man that ever walked."

At this Nelson reached into his hip pocket for his revolver and shot Mrs. Pittenger in the chest. Mrs. Hunter testified that she secured a gun she had in her pocketbook and fired at Nelson in defense of her sister. Then Nelson turned the gun upon himself and fired two shots, one reaching the brain and killing him instantly.

Nelson was about 62 years of age, with a large family of grown children. He owned a large hardware and furniture store in Rupert, and another in Pearl. He was interested in two banks in Utah and other enterprises. He had always been regarded as a level-headed business man and was highly respected.

Both victims of the tragedy will be buried in the Rupert cemetery, Mrs. Pittenger on Tuesday and Mr. Nelson on Wednesday.

JEALOUSY CAUSES KILLING.

Kemmerer, Wyo., Feb. 21.—Dan Parker, negro, shot and killed "Mink" Porter, also a negro, here today. Jealousy over a woman is said to have been the cause of the killing. Both were arrested and fined for fighting a few days ago, at which time each was said to have sworn that he would "get" the other.

BILLY SUNDAY UNIQUE, HIS VIRTUES AND FAULTS

Prelude to Pastor Russell's Stirring Sermon.

Kindly but pungent dissection of Billy's Furor—Fake Preaching Abominable to God—Instilling Superstitious Fears a Crime—If the Bible Does Teach That Eternal Torment Is the Fate of All Except the Saints, It Should Be Preached, Yes, Thundered, Weekly, Daily, Hourly—If It Does Not So Teach, the Fact Should Be Made Known and the Foul Stain Dishonoring to God Removed.

February 21.—Pastor Russell spoke today from the text, "I was not ashamed of the Gospel of Christ." (Romans 1:16) Prior to his sermon he made some kindly but pungent remarks on "Billy" Sunday, "the most noted preacher of our day." The Pastor would not depart from his custom and the Bible rule, "Speak evil of no man." His remarks merely appertained to "Billy's" preaching of the Gospel.

"Billy" Sunday catches the public eye and excites the nerves of his hearers. Some go to hear him lambaste the preachers, and to see them smile as though it were a good joke when he tells them that their preaching has made the churches cold storage places with little storage or likens them to the Scribes, Pharisees, hypocrites, or tells them that they are leading their congregations straight down to Hell.

Others go to hear "Billy" Sunday because it is the fact. Business men and railway managers realize that thousands will come to town as to a circus. They bring pressure to bear upon the city preachers; for "Billy" wisely insists that he will not come and save the citizens from Hell if there is competition in the business—indeed, that the churches close. Under the pressure the preachers cannot help themselves and so make the best of it, hoping that people will not take "Billy" seriously as respects their hypocrisy, etc.

Some of "Billy" Sunday's Faults. The Pastor said that if he reports that "Billy" prayed to God most irreverently, and addressed the Redeemer as "Old Dad" were true, then "Billy's" influence on the people would be most disastrous. He said that he really shows up the coldness, formalism, hypocrisy, of the Laodicean Church (Revelation 3:14-17), encourages the sin of idleness, and discourages drunkenness, and the love of money, which he said is the root of all evil.

ered with a wire netting about twenty feet above the roof. This is the wing containing the living apartments of the royal family. Additional anti-aircraft guns have been stationed in the neighborhood of the palace, one having been set in the center of Green park during the last week. If a Zeppelin should be seen hovering over the palace there are at least a half dozen guns which would open fire upon it.

Almost every day additional preparations are being made to fight airships over London. While many of the art treasures in the museums have been removed to places of greater safety, there have been vigorous complaints in some papers that many of the most valuable pictures, sculptures or objects of art still should remain exposed to the possibility of aerial attack on the galleries.

SUBMARINE IN THE IRISH SEA

London, Feb. 21, 6:40 p. m.—The small Irish coasting steamer Downshire was sunk last night by a German submarine off Calp of Man, an island in the Irish sea. The Germans gave the crew five minutes in which to leave their ship. The crew landed last night at Dundrum, county Down, Ireland.

The submarine which sank the Downshire was the U-12. The Germans fired three shots at the steamer before she sank. After the sinking the crew of the Downshire had taken to the boats the Germans placed a bomb amidships of the steamer and exploded it, and the Downshire sank in a few minutes.

The German submarine U-12 is of the class built in 1910-11. She is of 250 tons displacement and has a maximum cruising radius of 1,200 miles. The vessel has a complement of twelve men. Her armament includes three eighteen-inch torpedoes and two one-pounder high angle guns. She has a speed of thirteen knots above water and eight knots submerged.

London, Feb. 21, 10:45 p. m.—A German submarine, described by some as the U-12 and by others as the U-21, which is operating in the Irish sea, found another victim yesterday in the little Irish coasting steamer Downshire. The Downshire was sunk not far from the spot where the British steamer Cambank was torpedoed a few hours earlier. In the case of the Downshire, however, the crew were given time to escape in their boats, and instead of wasting a torpedo the Germans used a bomb, which destroyed the vessel in a few minutes.

On the other side of the British isle, in the North sea, near the island of Borkum, the American steamer Evelyn, cotton laden, struck a mine. She sank but her crew was saved.

This makes up the total of steamers destroyed by submarines and mines during the past twenty-four hours, as far as known here. The submarines up to the present have demonstrated their ability to attack only slow steamers or those lying at an

chor, as a number of liners have passed to and fro in the Irish sea, where the German craft have been at work, without being approached. In fact, with respect to Liverpool and other west coast ports, the arrivals and departures have been above the Saturday and Sunday average, according to Lloyd's list.

EVELYN FIRST AMERICAN SHIP TO STRIKE MINE

Bremen, via London, Feb. 21, 7:40 p. m.—The American steamer Evelyn, which sailed from New York on January 29, with a cargo of cotton for Bremen, struck a mine yesterday off Borkum island, in the North sea. The vessel sank. Her captain and twenty-seven of her crew were saved. The nationality of the mine which destroyed the Evelyn has not been established.

He was 78 years old. The body will be taken to Osage, Ia., for burial.

PASSED ALONG.
