## BLOOD ATONEMENT WAS NECESSARY.

### Failure to Understand This Leads Many to Unbelief.

Need of the Hour in Pulpit and Pew is a Correct Appreciation of the Value of Blood Atonement For Sin, Declared Pastor Russell at Lynn.

(PASTOR RUSSELL)

Lynn, Mass., Oct. 13.—One of Pastor Russell's discourses here today was from the text: "Without the shedding of blood there is no remission of sins." (Hebrews ix, 22.) He said in part:—

The Scriptures declare that the life is in the blood (Leviticus xvii, 11); hence the shedding of blood represents death; and death may be spoken of as the shedding of blood, regardless of whether or not a single drop of blood be spilled literally. Thus the presentation of the blood of the sacrifices of old represented the offering to God of their lives as, typically, an offset to the forfeited life of Adam and his children, who lost life through his disobedience.

Israel's Atonement Sacrifices.

Each year, at approximately this season, the Jews celebrate their Atonement Day, by which their sins are thought to be covered afresh for the year begun. The underlying thought is a reminder that they are sinners, and that without the shedding of blood, without a sacrificial death, there can be no Divine forgiveness of sins.

For more than sixteen centuries Israel observed these typical Atonement Day services, up to the time that Jesus came. Since then the Jews can have no Atonement Day, really, because their priestly line is lost, and they have no Holy and Most Holy in which to make the Atonement, and no Shekinah Mercy Seat on which the blood of Atonement may be placed, and from which Divine blessing and forgiveness should proceed.

In their typical procedure the Day of Atonement included all the Atonement work of the priest on the tenth day of the seventh month. His Atonement sacrifice consisted of two parts—first, a bullock, which he slew, and afterward a goat, which he treated in like manner. He took the blood of the bullock into the Most Holy and applied it, not on behalf of Israel, but simply on behalf of the priestly tribe of Levi.

After accomplishing this he came out and slew the secondary part of his offering, the Lord's goat, which typified those consecrated to be his under-priesthood. After treating the goat precisely as the bullock had been treated, its blood was taken into the Most Holy and there was sprinkled on the Mercy Seat, not on behalf of the tribe of Levi, but on behalf of all the other tribes—on behalf of "all the people," representative of all humanity—thus showing that eventually they will be brought into harmony with God.

"The Better Sacrifices"—Antitypical.

In the type the bullock represented Jesus, consecrated to death, and dying and dead; and the high priest represented the Christ, spirit-begotten Jesus, as the appointed antitypical Priest after the order of Melchisedec, offered up Himself—His human body—when He reached manhood's estate—thirty years. Gradually He fulfilled His baptism unto death, for three and a half years, completing it at Calvary. During His earthly ministry, as a Priest He was in the Holy, having fellowship with the Father. At Calvary as Priest, He passed under the second veil, and in His resurrection arose on the other side of the veil, in the Most Holy—in the perfect spirit condition.

Our Lord remained for forty days to manifest Himself to His disciples, after which He ascended on high and presented the merit of His sacrifice (Hebrews ix, 24) on behalf of the Church, just as Aaron presented the blood of the bullock on behalf of his household, the tribe of Levi. The Divine acceptance of this merit on behalf of the Church was manifested by the giving of the Holy Spirit at Pentecost. And this represents God's acceptance, not only of the faithful who were there, but all of the same class from then to the end of this Age.

Members of Jesus Still Dying.

The Scriptures set forth that the faithful few of Jesus' followers who will constitute the Royal Priesthood by and by have been represented as the antitypical Lord's Goat of the Atonement Day, which is caused to pass through the same experiences exactly as the antitypical Bullock, our Lord. (Heb. xiii, 11-13.) "If we suffer with Him we shall reign with Him."

The exalted High Priest, since Pentecost, has been slaying His secondary sacrifice—His consecrated followers—permitting them to thus represent Him in the flesh. While they suffer, the sufferings of Jesus are not completed, as He Himself said to Saul of Tarsus, "Saul, Saul, why persecutest thou Me?" "I am Jesus whom thou persecutest."

Not until the foreordained number of these "better sacrifices" shall have been completed in glory will the forgiveness of the world's sins be accomplished. At that time the antitypical Priest will make the secondary application of His blood on behalf of "all the people."

## PITCHED BATTLE WITH OUTLAWS

### Revenue Men Fired Upon By Moonshiners In Rowan County.

St. Sterling, Ky., Oct. 12.—Deputy United States Marshal Sherman Lewis and Buck McKenzie and Doc Cox, of Morgan County, possemen, narrowly escaped being slaughtered by moonshiners on Craney Creek, Rowan County, a few days ago while raiding a moonshine still, while officers were at work getting the property the moonshiners hid in bushes under the cliff or raven and opened fire on the men. The officers engaged in a pitched battle with the moonshiners but owing to the protection of the bush the moonshiners had the best of it. Buck McKenzie was the only one hurt a bullet tearing his collar off and grazing his neck. The outlaws escaped. A still of thirty-five gallon capacity was destroyed together with a large amount of beer.

### Alcohol Not Blamed For Insanity Increase

London Oct. 12.—The general conclusion which may be safely drawn from the facts is that alcohol possesses comparatively small importance as a cause of insanity in Ireland.

This is the conclusion reached by the Inspector of Lunacy in Ireland, whose report has just been issued as a Blue Book. Alcoholic addiction, say the inspectors, occurs in two forms, drunkenness and chronic alcoholism. The former is very prevalent in Ireland, and is much less serious as a cause of insanity than the latter. The inspectors report an increase of 24 lunatics during the last year.

Comparing the number of insane per 100,000 of population, which the figure in 1880, it is seen that the number has more than doubled. In 1880 the number under care represented 2.9 per 100,000. In 1911 it had jumped to 561.

### Almost a Miracle.

One of the most startling changes ever seen in any man, according to W. H. Holsclaw, Clarendon, Tex., was effected years ago in his brother. "He had such a dreadful cough," he writes, "that all our family thought he was going into consumption, but he began to use Dr. King's new Discovery, and was completely cured by ten bottles. Now he is sound and well and weighs 218 pounds. For many years our family has used this wonderful remedy for Coughs and Colds with excellent results." It's quick, safe, reliable and guaranteed. ### A Man With A Heart.

The labor record of Hiram W. Johnson, Governor of the State of California, and Progressive candidate for the Vice Presidency, is one of the most remarkable to be found in the annals of labor legislation. Governor Johnson does not tell the laboring man that he will provide for him wages without labor, he elected; but he does tell him that he will see that every honest man gets his honest due. In his belief this is a government controlled by a few, and he believes that the Progressive plat-

## U. S. GOVERNMENT SEEKS EDUCATORS

### Civil Service Examinations For Rural Specialists

October 19.

Washington, Oct. 12.—The United States Bureau of Education has several responsible positions open for high-class educators, according to a recent announcement of the Civil Service Commission. The positions are: Specialist in rural education, at a salary of \$3,000, and a collector and compiler of statistics, at \$2,700. The man who fills the first-named position will have to possess a thorough knowledge of rural conditions. He must be a graduate of a college or university of recognized standing; he must have studied the theory of education for at least one year and have had at least three years practical experience in educational work. It is also suggested that experience as a public speaker is desirable; since the specialist will travel a considerable part of his time in the interest of rural education. Above all, he must be a firm believer in the possibilities of country life, and he must be an enthusiast on the betterment of rural schools. The man who fills this position will be an important factor in the vigorous campaign that the Commissioner of Education is waging for the advancement of rural education. The collector and compiler of statistics will be chief of the Division of School Administration in the Bureau of Education at Washington. He will be expected to keep in touch with school superintendents throughout the country, and must have had at least three years' experience as superintendent of city schools.

The examination for specialist in rural education will be held October 19; that for collector and compiler of statistics October 26.

### Arrests Father's Slayer After Forty-Year Hunt.

Atlanta Ga., Oct. 12.—After a forty-year search for the slayer of his father, William Berry, of Alabama left Atlanta last night with Freeman Long, a negro, in his custody, who will face trial for the crime.

Berry was 9 years old when he vowed to hunt down the man who killed his father. Long escaped jail in Alabama while on trial for alleged murder.

A few years later he was convicted under the name of Thomas on a charge of killing Lindsay Weaver, a negro, in Georgia, and sentenced to life imprisonment. After serving a long sentence he was pardoned.

Recently he filed a petition for a pension for services in the Union army during the Civil War and was forced to use his real name. Berry learned of the application and secured a requisition on the Governor of Georgia for Long. Gov. Brown granted the order.

## GERMANY'S NAVAL SECRET IS KNOWN

### Strength Of Submarine Force Shows 72 Will Be Flotilla.

Berlin, Oct. 12.—The secret of Germany's submarine flotilla is out. Until now nothing had been allowed to be made public as to its strength, but an authoritative statement just issued says that it consists of 16 boats, of which 15 are in commission while the new naval program adopted this year contemplates ultimately a fleet of 72 submarines.

A considerable number of these vessels are already under construction of a second flotilla at Wilhelmshaven on the North Sea (the present boats are all stationed in the Baltic Sea at Kiel) is expected shortly. About one-fourth of the total personnel required for the 72 submarines is already under training, the list at present showing 57 officers, 25 engine officers, 210 warrant and petty officers and 306 a men.

The admiralty is experimenting with the "crawless motorboat," the invention of a German engineer, the steering and engine-control of which are operated by wireless telegraphy. The boat gave a number of successful exhibitions near Munich and Berlin last year, stopping, starting and answering the helm perfectly in response to wireless directives sent from a shore station, and the naval authorities believe it may be made a useful auxiliary to the submarines and torpedo boats.

## "Clean Up the Bowels and Keep Them Clean"

There are many remedies to be had for constipation, but the difficulty is to procure one that acts without violence. A remedy that does not perform by force what should be accomplished by persuasion is Dr. Miles' Laxative Tablets. After using them, Mr. N. A. Waddell, 315 Washington St., Waco, Tex., says:—

"Almost all my life I have been troubled with constipation, and have tried many remedies, all of which seemed to cause pain without giving much relief. I finally tried Dr. Miles' Laxative Tablets and found them excellent. Their action is pleasant and mild, and their chocolate taste makes them easy to take. I am more than glad to recommend them."

"Clean up the bowels and keep them clean," is the advice of all physicians, because they realize the danger resulting from habitual constipation. Do not delay too long, but begin proper curative measures.

Dr. Miles' Laxative Tablets are a new remedy for this old complaint, and a great improvement over the cathartics you have been using in the past. They taste like candy and work like a charm. A trial will convince you.

Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory after trial, return the box to your druggist and he will return your money.
