George Hallett.

George Hallett is the young American pupil of Glenn Curtiss' school who will attempt to fly across the Atlantic ocean with Lieut. J. C. Porte in the Rodman Wanamaker transatlantic flyer America the latter part of this month. Hallett is very confident that the America will make the long journey without mishap.

CHURCH OF CHRIST A LIVING TEMPLE

Solomon's Temple a Type of the Temple of God.

The Quarry Underneath the Site. Every Stone Fitted to its Place—Put Together Without Sound of Hammer or Chisel—Foundation of the Temple. Dedication—Glorification—Future Use of the Temple—The Royal Priesthood—The Great High Priest.

PASTOR RUSSELL

Clinton, Ia., July 9.—The Photo-Drama of Creation depicts Solomon's Temple in various stages of preparation, showing the quarrying under Jerusalem, the forests of Lebanon, etc. This edifice is the basis of several New Testament descriptions of the Church.

The Pastor began with the declaration that both St. Peter and St. Paul teach that the Church of Christ is God's Temple. He gave Scriptural proofs that only through this great Temple can mankind return to harmony with God; for the Almighty has declared that He will have no fellowship with sinners. St. Paul was quoted as saying of this antitypical Temple, "Other foundation can no man lay than is laid, which is Jesus Christ." St. Peter also was quoted as declaring to the Church, "Ye also, as living stones, are built up a spiritual house, a holy Priesthood."

FORD CARS MADE MILEAGE RECORDS

Sales Manager N. A. Hawkins of the Ford Motor company has some interesting figures in regard to Ford mileage. He says: "There are now 500,000 Fords in use. Each one certainly averages no less than 20 miles daily for twelve months in the year. These 500,000 Fords, therefore, are traveling and showing themselves over a stretch of 1,000,000 miles each day, or 300,000,000 miles each month—or thirty-six hundred million miles each year. This is a distance equal to 144,000 times around the world. If these 500,000 Model T's started on a tour around the world and kept within a half mile of each other they would encircle the globe ten times. Every city street, boulevard, parkway, every village street, every country road is lined with Fords. So persistent is this constant and ever increasing parade that men, women and children who never knew anything about motor cars, can pick them out. The Ford is the easiest car to think about because it is seen most frequently."

Construction of Antitypical Temple.

The construction of the antitypical Temple was then shown. Eighteen hundred years ago the Foundation Stone was laid in Heaven—the Top Stone, into whom all other stones must be fitted, as St. Paul declares. Through out this Gospel Age the great Master Workman has been supervising the preparation of the living stones under strict rules as to size, shape, etc. Not until the full number is ready will the construction of that glorious Temple begin. That work will be accomplished in the First Resurrection.

The Pastor holds that we are living in the end of this Age, and that therefore the work of construction has probably begun. This does not imply, he declared, that the final polish has been given to all stones. These long since prepared could be placed while the last are being finished. The Scriptures so intimate which say that "the dead in Christ shall rise first"—beforehand—and that "we who are alive and remain shall be caught up together with them in the clouds, to meet the Lord."

The Glorification of the Temple.

After every living stone has been placed, the glorification of the Temple will follow. In the type, after Solomon, type of our Lord, had offered the sacrifice, God accepted it. Then glory filled the Temple. In the antitype, when our Lord has constructed the Temple He will await the Father's acceptance, after which the glory of God will fill this living Temple.

God will be in this glorious Temple of the future—the glorified Christ. Divine Power will operate through it and all nations will draw near to God. But they must approach Him through The Church.

The Priests of this Temple will be Jesus, the great High Priest, and His Church, the under priests. As yet there is no Royal Priesthood; for only those found worthy to share our Redeemer's Throne will constitute that Priesthood.

ANOTHER SHOE HOUSE TO BE OPENED IN THIS CITY

Ogden is to have another good firm, devoted to the exclusive sale of footwear. The store will be all new, complete and modern, taking as its location the site of Buchmiller & Flowers, who have secured quarters a few doors north. G. W. McCune and Herbert Foulger are the principals in this venture, and as both are practical shoemen and native sons too, the strength of the combination tokens nothing but success.

George W. McCune, it will be remembered, worked long years as head in the wholesale shoe department of John Scowcroft & Sons Co. gaining experience highly valuable to this piece of enterprise. He is able, affable and very much at home with everybody, whom it now becomes his pleasure to serve.

Herbert Foulger retires as the manager of Wright's shoe department, where he leaves a rare record of thrift and efficiency. He is a discerning buyer and a gracious salesman, qualities both which the modern retail store sets at a premium. Ogden is the home of Mr. Foulger, and always has been with but one interruption, spent in business at Garland.

The store, to be opened this fall, will be properly furnished and furnished all in accord with the modern ruling of Ogden.

Edmond Rostand's apology to Sarah Bernhardt in the action which she commenced against him for allowing one of the plays, the rights of which she held, to be cinematographed, is a fine specimen of French chivalry. Says the distinguished dramatist: "I declare that what she says is always well, and I kiss with respect and gratitude her fingers, between which a writ retains for me the grace of a lily."

COLLEGE MEN—BACK TO THE BICYCLE

A bicycle will add about one-third to your working hours. Covers a mile in five minutes. Gets you to lectures on time—or to the athletic field, courts or links. A run out into the country now and then won't hurt your health. Cycling is less work and more fun than driving an auto, with no trouble, repairs or expense. It is the best exercise in the world.

EVER JOHNSON TRUSS BRIDGE BICYCLE (1911)

It is made of the finest quality steel tubing, all joints flush and hand-braced with molten brass. The Truss Bridge Frame is theoretically rigid, holding bearings in absolute alignment. Machine work is the closest ever put on a bicycle. All working parts are scientifically tanned to secure maximum durability. Bearings are correct in design, accurately ground and are dust-proof. Five coats of enamel, rubbed and baked between coats and heavy nickel over elastic copper plate, is the superb finish. Our richly colored catalog is worth reading.

MRS. VIDA ECCLES DAVIS GAVE HUSBAND \$25,000

Salt Lake, July 11.—Hearing of the contested divorce of Mrs. Vida Eccles Davis against George H. Davis was commenced before Judge C. W. Morse yesterday, but after a motion in non-suit was argued yesterday afternoon and denied, further hearing was continued until August 19.

Mrs. Davis, daughter of the late David Eccles of Ogden, is suing on the ground of non-support. Davis was formerly an attorney of Ogden.

The plaintiff alleges that her husband has not contributed to her support since their marriage in 1907. Mrs. Davis took the stand yesterday morning and testified that during their married life she had given her husband \$25,000 and that he had not given a cent toward the upkeep of their home. Mrs. Davis added that on one occasion she gave him \$5000 with which he entered the practice of law in Salt Lake. Later, she said, she let him have \$15,000, which he invested in mining property. Other sums to make up the total of \$25,000 were advanced by her, witness testified.

Lila and Laura Eccles, sisters of Mrs. Davis, testified that they had lived at the Davis home in Salt Lake, while attending school and knew that Davis had not supported his wife or contributed anything to her support.

Mrs. Davis contends that her husband is earning from \$300 to \$500 a month in his law practice.
