

WOMEN DRUMMERS WHY NOT YOU MEN

Chicago School Heads Launch New Girls' Technical High School

CHICAGO, Ill., Aug. 26.—The time when commercial traveling was done entirely by men is past and is being pushed still further back.

A course in salesmanship is one of those anticipated for the new Lucy L. Flower Technical High School, the first girls' high school of mechanic arts in the country.

They will enter the remunerative field of caring for hotel and hospital linen. They will learn various sciences, English, mathematics, they will study geography, history, and civics with special reference to the needs of women in Chicago.

The girls graduating from the eighth grade of city school will be given an option of two courses, one of two years and the other of four, containing considerably more in the way of utilitarian as well as cultural study.

The board claims the school will offer opportunity to every girl in Chicago to fit herself for skilled, remunerative work immediately on graduation, supplying at the same time a good amount of purely academic training.

Two other schools will open next month for the first time—the Kohn school, at One Hundred and Fourth and South State streets, and the Mozart school, at North Hamlin and Humboldt avenues.

SUNSHINE AND CLOUDS

See how bright the landscape smiles And the glorious sunlight gleams O'er the flowery sylvan dells

But one solitary cloud Slowly floats across the scene Throws its shadow like a shroud

Lightning flashes from the sky, Thick and fast the rain does fall, And our spirits in us die

This old earth has battered been By the storms of many years Still it floats thro' space serene

So it is each human life Has its dark and sunny side, And through crosses, cares and strife,

RUBBER INDUSTRY EXPANDING. The rubber trade has grown to such proportions that central supply houses are entirely inadequate to meet the demands of commerce.

NO LAYING DOWN. The Williamsport Gazette Bulletin says: It is said to have proposed to Bill Coughlin that now that Reading has the pennant cinched, it would be a good thing for the gate receipts if Reading were to throw a few games to Trenton.

DARK PROPHECIES FULFILLED, Jeremiah 39—Aug. 27.

The dark prophecies which the Lord sent through Jeremiah, the Prophet finally reached a prisoner by a strong army of the Chaldeans, after a year and a half of siege.

The punishment was after the manner of the time, illustrated on some of the victory tablets which still remain. The king's eyes were put out, and a blind prisoner, he was taken to Babylon.

One of these prophecies respecting Zedekiah is found in Ezekiel xii, 10-13. The other is found in Jeremiah xxxii, 3-5. Ezekiel declared that king Zedekiah would be taken to Babylon a captive.

The fulfillment met all the requirements. King Zedekiah saw Nebuchadnezzar and spoke to him at Riblah in Palestine. His sight was taken from him and he was taken a prisoner to Babylon.

WOMEN OF MEXICO ASK EASY DIVORCE

MEXICO CITY, Aug. 26.—Reno's divorce mills will be regarded as second rate and their output insignificant when compared with the system a group of women would establish in Mexico for the purpose of untying marital knots.

Under the laws of Mexico absolute divorce is prohibited. The law provides for a legal separation, but in no case may either remarry.

That Mexico will provide a divorce law for her unhappy wed is improbable, but that a considerable portion of her population—men as well as women—should demand such a measure is not surprising.

WOMEN ACTIVE AT SILVERBROOK

Will Have Charge of Sunday Night Temperance Service in Church

MUCH INTEREST IN THE MEETING

Twilight meetings at Silverbrook Church are continuing with increased interest. Last Sunday evening's attendance was the largest in the history of the church.

Jesus was the great Light which came into the world, and His followers were to be lights or candles also. "As he was, so are we in this world"—light bearers.

Some time ago in our Sunday School hymnals a very popular melody was entitled "Showers of Blessing."

When will this be, and how will it come to pass? It seems too good to be true, that, after a reign of sin and death for six thousand years so wonderful a change is to be brought about!

DR. DE LARME AT SECOND CHURCH

The Rev. Alonzo A. DeLarme, D. D., minister of the First Baptist Church, McKeesport, Pa., will be the preacher in Second Baptist Church tomorrow morning.

STORAGE FOOD IN BAD SHAPE

Conditions in New York State Described As Being Unsatisfactory

ALBANY, Aug. 26.—The State Department of Health, after a few weeks' inspection, reports that millions of pounds of butter, poultry and fish and thousands of cases of eggs have been found in cold storage in this state.

Inspectors of the State Department of Health have been securing data which until now have been withheld from the public in order that evidence might be secured and prosecutions begun against the most flagrant violators of the Brennan Cold Storage law.

An examination of the cold storage warehouses in New York city shows that the extent of this industry is far greater than was ever imagined, and the public can scarcely conceive of the immense quantities of goods held in storage.

The department states that although in the modern plants the conditions are fairly satisfactory, in others, as many as in four of the first 12 inspected, conditions were far from satisfactory.

Temperature Too High. Some of the houses, too, are conducted with little regard to scientific principles. The temperature at which the food is stored varies considerably, in many cases it being but farcical to call it cold storage, as the temperature is 25 degrees higher than that acknowledged by experts as necessary for the proper protection of the food, butter having been found kept at 35 degrees, the proper temperature being zero.

COUNTY FAIR

M. C. Robbins. Oh, yes we're going out to see the horses. Admire them as they fly along the track.

Such vegetables you can't find them elsewhere. They're just the finest any one can grow.

You'll see the bread that's light as any sea foam. You'll see the butter looking just like gold.

The races they will be the great attraction. Don't fail to get a seat in the grand stand.

When you get home you'll feel, oh, so much younger. Because the day has been so grandly spent.

Be sure to take the children out to see it. It will be an education to be one and all.

THE JOURNAL has a rest tent in you can go. And have home comforts just while you are waiting.
