The Giles Get Home.

"Mr. and Mrs. O. A. Giles arrived in Elk River on Tuesday after a brief honeymoon spent for the most part in Spokane," says the Elk River Sentinel. "They are already at home in their pretty cottage at 2d and Main, which has been handsomely furnished and decorated, and which will doubtless become one of the centers of the town's social life.

"The happy couple slipped one over on the boys, who were prepared to welcome them in the most approved charivari style. Mrs. Giles and Mrs. E. M. Grant came down from Bovill on the noon train and got away from the depot without being recognized. The groom had a vociferous welcome when he alighted from the evening local a few hours later. He was hoisted on a circus horse and placed at the head of the parade, while a lady who came on the same train was hastily bundled onto a hand sled and hauled along in the wake of the gallant bareback equestrian. When the joyous procession reached the porch of the Giles residence the door was opened by a self possessed young lady who seemed quite at home and gave them a warm welcome. The master of cer-

o'clock by Mr. E. D. Sexton of Los Angeles, who is lecturing under the auspices of the "International Bible Students association." Mr. Sexton is a thorough Bible student, and is recognized as one of the most able lecturers on Bible topics in the country. His lectures teem with scriptural quotations, are sound, reasonable and convincing.

Mr. Sexton promises to show from the Bible standpoint that eternal torture is not the fate in store for the majority of mankind, but on the contrary there is a great jubilee for the world eventually, known in the Scriptures as "The Times of Refreshing—Times of Restitution of all Things spoken of by mouth of all the Holy Prophets since the world began."

A cordial invitation is extended to all, Gentile or Jews, Saint or Sinner, Christian or Agnostic, to be present.

Mr. Sexton insist that his lectures must be absolutely free to the public, and that no money-making scheme of any kind, not a collection, be connected therewith.

Father Hendrickx' Missions.

"Rev. W. J. A. Hendrickx, for 40 years a missionary priest, is now in charge of the parish at Francis, Wn.," says the Portland Catholic Sentinel of a former Moscow pastor. "Several years ago Father Hendrickx had to abandon missionary work on account of failing health, but a rest in Europe restored him and he returned to this country in 1910. In September of last year he was given his present charge. What time he can spare from his parish he spends in giving missions to non-Catholics. He has given such missions recently in public halls or the local church at Chehalis, Castle Rock, Raymond, Olympia, Francis and Centralia. In the last named town crowds of non-Catholics came every night for six nights to listen to his exposition of Catholic truth."

Prosecutor Moves On.

"Scott Ogden of Orofino, appointed as prosecuting attorney of Clearwater county upon its creation about a year ago, has assigned his salary, sold his

home and moved to Eugene, Ore., without tendering his resignation," says the Elk River Sentinel. "In fact, he is said to have given out when he left that he was going on a visit to his parents near Troy. The lively Oregon city is supposed to offer better legal prospects than his former home.

"Mr. Ogden's departure was not unexpected and the commissioners will soon vacate the office. The majority of the board is said to have already decided upon a budding legal light from Tennessee, who has been at Nez Perce for some time, as Mr. Ogden's successor. The young fellow's name is Holstclaw."

Asks \$10,000 For One Kiss.

KANSAS CITY, Feb. 5.—Ten thousand dollars is being asked for a kiss by Mrs. Dollis Baker, wife of Clark Baker, a carpenter, from Dr. Joseph D. Lowry, a dentist. The case went on trial today in Judge Porterfield's division of the circuit court.

Mrs. Baker testified she and her little boy went to Dr. Lowry's office for treatment about a year ago. The doctor told the little boy to go into the medicine closet to play, she said, and while the boy was there he put his arms around her and kissed her.

PUMPKINS AND HOGS ARE FINE COMBINATION

While looking for news this morning a Star-Mirror reporter dropped into the Sutton harness shop where Geo. Weber was busily engaged mending a piece of harness for Julius Cherpillod. This suggested the question of hogs, and Mr. Weber said:

"Frank Slater, who lives about five miles south of Moscow, was in a few days ago and he told me that he had had fine success raising hogs on pumpkins. Last fall he had five acres of pumpkins. He had a bunch of hogs to fatten and to make sure as to the value of pumpkins as compared to wheat Mr. Slater divided his hogs into two pens. One pen got wheat while the other lot got a feed of boiled pumpkin mixed with one-third wheat. I think it was three weeks that the pumpkin fed hogs matured earlier than the wheat hogs, and so well pleased is Mr. Slater that he is going to plant twenty acres to pumpkins this season. He is also going to plant a lot of Canadian field peas on summer

fallow, or in the place of summer fallow, thus getting a profitable crop of land that would otherwise lie idle and be cultivated at an actual cash outlay."

Irate Pater Shoots Eloper.

MOUNTAIN GROVE, Mo., Feb. 5.—After the father of a Miss McIvers had pursued and shot Clarence Helton, with whom she was eloping, and killed his horse, near here today, the daughter called a constable and had the angry father arrested.

Following the shooting, McIvers rode away, believing his daughter had fled. The girl, however, had stepped into a thicket and as soon as her father had disappeared, helped Helton on to her horse and rode with him to the home of the county physician. McIvers is held pending the outcome of Helton's wound.

MUDGETT & SON

"I DIDN'T KNOW IT COULD BE DONE IN MOSCOW"

HOW MANY TIMES HAVE THE MOSCOW PRINTERS, BOTH OFFICES, BEEN TOLD, WHEN CANVASSING THE TOWN FOR JOB WORK, AND FINDING THE BUSINESS MEN USING STATIONERY PRINTED OUT OF TOWN: "I DIDN'T KNOW IT COULD BE PRINTED HERE AT HOME." AND PROBABLY THE JOB WAS A SIMPLE ONE THAT COULD BE TURNED OUT IN ANY COUNTRY OFFICE. WHY, BEFORE SENDING OUT FOR WORK, NOT CALL UP ONE OF THE MOSCOW PRINTING OFFICES AND FIND OUT IF THE WORK CAN BE DONE IN MOSCOW?

THE HOME PRINTER IS THE ONE MAN WHO, DAY AFTER DAY, IN AND OUT OF SEASON, DEVOTES HIS TIME TO WORK CALCULATED TO BUILD UP AND ADVANCE HIS HOME TOWN AND HOME COMMUNITY. EVERY WORTHY MOVE RECEIVES HIS SUPPORT, HIS ENCOURAGEMENT AND HIS TIME. IT IS THE EDITOR WHO MAKES POSSIBLE THE SUCCESS OF A COUNTY FAIR. THE FOURTH OF JULY CELEBRATION, PAVED STREETS, BETTER ROADS AND SCHOOLS ALL FEEL HIS INFLUENCE AND POWER. IF YOU DOUBT THIS, JUST TRY FOR ONCE TO ACCOMPLISH ANYTHING WITHOUT HIS SUPPORT. LET THE EDITOR KEEP SILENT OR SHOW INDIFFERENCE AND SUCCEED IF YOU CAN. LET THE MOSCOW PAPERS KEEP SILENT AND GRASS WILL GROW IN THE STREETS, THE TOWN WILL DROP BACK INTO ITS OLD RUT, MOSS WILL GROW DOWN THE BACKS OF THE BUSINESS MEN, THE KNOCKER WILL ONCE MORE FIND EMPLOYMENT ON THE STREET CORNER, EVERY PROGRESSIVE MAN IN THE TOWN WILL MOVE AWAY AT THE FIRST OPPORTUNITY, WHILE THE SPIDERS WILL SPIN THEIR WEBS ACROSS THE DOORS OF THE BUSINESS HOUSES IN UNMOLESTED SECURITY.

DRIVE THE REVIEW OUT OF SPOKANE, OR THE OREGONIAN OUT OF PORTLAND, AND BOTH CITIES WILL DIE OF PARALYSIS. PUT THE PAPERS OUT OF LATAH COUNTY AND IT WILL, WITH ALL ITS OPPORTUNITIES, CEASE TO DEVELOP. PUT THE PAPERS OUT OF MOSCOW AND THERE WILL, IN A SHORT TIME, BE NOTHING FOR THE MERCHANT TO DO.

IF YOU DOUBT THIS, PUT IT TO A TEST. LET THE MOSCOW PAPERS GIVE UP THE FIGHT AND SEE.

BE CONSISTENT. GIVE THE HOME PRINTER A CHANCE TO DO YOUR WORK. IF HE CAN'T DO IT THEN IT IS TIME TO SEND YOUR ORDER OUT OF TOWN.
