

"I'll use this extension"

Fifty cents a month to pay, or ten times fifty steps to climb each day.

Make your choice—but remember it's a matter of health as well as comfort and convenience.

When the Bell rings it's health insurance to be able to say: I'll use this extension.

Just sit down now and telephone the Business Office.

When You Telephone, Smile!

Pioneer Telephone and Telegraph Company

Don't Sleep Well No Good Reason Just Can't Sleep

Some people can't sleep. There seems to be no special reason. They have no disease of the nervous system. Digestion is fairly good. Their habits are pretty good. They may smoke a little or drink a little, yet their habits are fair. Still they can't sleep well.

Just a little unbalanced in the nerve centers. That is all. They should have a little "righting up."

A tonic will generally do this. The right sort of a tonic, Peruna is exactly the tonic. Digestion is hurried by Peruna. The stomach is empty and ready to rest for the night. The circulation is equalized. The brain is relieved of all congestions and irritations.

The Peruna acts on every blood vessel in the system. It acts on all of the nerve centers. One begins to sleep and hardly knows why.

Take a teaspoonful to one tablespoonful of Peruna before each meal. Sometimes another tablespoonful at bedtime is necessary, where the sleeplessness is very pronounced.

Just try it, neighbor. You will be glad if you do. One bottle will convince you. Peruna is no sleep medicine. It is not a narcotic. It contains no narcotics. It is nothing of that sort. It is simply a regulative tonic.

Every home should be provided with the last edition of the "I'lls of Life," sent free by the Peruna Co., Columbus, Ohio.

MR. J. A. GILLESPIE

Next Sunday afternoon at 3 o'clock, Mr. J. A. Gillespie, Bible student and lecturer, of Omaha, Neb., will speak on "Christ's Second Coming," at Labor Hall. The speaker has been a student of the Bible for a number of years and discusses human affairs from that standpoint, and takes a very optimistic view of the future. He considers the wonderful advancement in general knowledge and invention as merely a preparation for something still better.

Pastor Gillespie says: "Men are running across new devices all the time. What do you think of wool made from limestone? That may sound strange and hard to believe, were it not for the fact that there are so many things being done now that only a few years ago would have been considered impossible. Regarding the wool made from limestone, the "Everyday Life" has this to say:

"Wool not the product of sheep is being utilized abroad for the making of men's clothing. This is known as 'limestone wool,' and is made in an electric furnace. Powdered limestone, mixed with certain chemicals, is thrown into the furnace, and, after passing through a furious air blast, is tossed out as fluffy white wool. When it comes out of the furnace, the wool is dyed and made into lengths like cloth. A pair of trousers or a coat made from this material cannot, it is claimed, be burned or damaged by grease, and is as flexible as cloth made from sheep's wool."

"The Bible foretold a time when there would be a general increase of knowledge, and points out that it will begin a little previous to the ushering in of the 'Golden Age.'"

The International Bible Students Association who have arranged for the expenses, so that it will be entirely free, similar to lectures given in public schools, and other educational institutions. No collection will be lifted.

How YOU MAY THROW AWAY YOUR GLASSES

The statement is made that thousands wear eyeglasses who do not really need them. If you are one of these unfortunate, then these glasses may be ruining your eyes instead of helping them. Thousands who wear these "windows" may prove for themselves that they can dispense with glasses if they will get the following prescription filled at once: Go to any active drug store and get a bottle of Optona; fill a two-ounce bottle with warm water and drop in one Optona tablet. With this harmless liquid solution bathe the eyes two to four times daily, and you are likely to be astonished at the results right from the start. Many who have been told that they have astigmatism, eye-strain, cataract, sore eyelids, weak eyes, conjunctivitis and other eye disorders, report wonderful benefits from the use of this prescription. Get this prescription filled and use it; you may so strengthen your eyes that glasses will not be necessary. Thousands who are blind, or nearly so, or who wear glasses, would never have required them if they had cared for their eyes in time. Save your eyes before it is too late! Do not become one of these victims of neglect. Eyeglasses are only like crutches and every few years they must be changed to fit the ever-increasing weakened condition, so better see if you can, like many others, get clear, healthy, strong magnetic eyes through the prescription here given.

CATTLE RUSTLERS IN TEXAS. Chief Field Inspector of Texas Cattle Raisers Tells of Activities. Fort Worth, Tex., April 18.—J. R. Bannister, chief field inspector of the Texas Cattle Raisers, arrived today from the Rio Grande country and reported that Mexican cattle rustlers are operating on both sides of the border and are committing many depredations. These rustlers he says, do not belong to either Mexican faction, now in the field, but are independent bandits. They are giving the Rangers, inspectors and other officers a world of trouble and have robbed many settlers.

A Winchester 20-20 with four notches in its stock, was brought to headquarters by Mr. Bannister. He said it was the weapon carried by Lino Barza, who he was killed in the Rio Grande March 29. Barza was killed by a posse headed by Mr. Bannister. This posse was

NOSTRILS AND HEAD STUFFY FROM A COLD OR CATARRH

In One Minute Your Stuffy Nose and Head Clears, Sneezing and Nose Running Cease, Dull Headache Goes.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm penetrates by the heat of the nostrils; dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in Ely's "Cream Balm," and your cold or catarrh will surely disappear.

Put your faith—just once—in Ely's "Cream Balm," and your cold or catarrh will surely disappear.

Among the relics brought to headquarters by Mr. Bannister was the bridle used by Senorita Almez, when she led a band of revolutionists in an attack on a border town. The bridle was brought to the United States by Mexican refugees after the battle of Ojinaga.

composed of three mounted customs guards and two Cattle Raisers' inspectors. They surprised Barza in a village and the latter escaped on horseback, going toward the river.

Barza is reported to have been operating many years. He was killed about 15 miles above Cordobario. The four notches on the stock of his rifle are easily discernible. They are said to indicate four men killed by bullets from the weapon.

FLORIDA LETTER FROM DR. GROSS

FORMER RESIDENT OF CITY IS NOW IN CHARGE OF CHURCH AT OCALA, FLA.

The following letter, together with some newspaper clippings, have been received from Dr. J. M. Gross, a former pastor of this city. The clippings show that Dr. Gross is making good in his new field and is looked upon with great favor by the parishioners of his church: "MR. EDITOR:

"As I think so often of the dear friends in Ardmore, I thought possibly a word might be of interest to some of your readers. The Weekly Ardmoreite comes to us regularly. We are glad to see it. It reads like a letter from home. We are watching with great interest the

development of your great oil field, and hope the impetus given Ardmore will make it one of the leading cities of the state.

"We are still much pleased with Florida up to this writing. It is decidedly the most delightful climate I have ever been in.

"Just now, and for some weeks past, is a very busy time with farmers and truck growers. All crops look promising now. I am told there is a fine orange bloom. This part of the state is more given to farming and vegetable growing rather than oranges and grape fruit, and yet plenty of both grow here. It is said eighty-eight millions of dollars have come into the state up this time for citrus fruits alone. Vegetables are being shipped now, and for some time past, to the north and east, by hundreds of carloads.

"I am studying the resources, etc. of Florida, but am not prepared to advise. I like it very much, and believe there is a wonderful future for the state. The people in the towns are a wide awake and progressive people. I know nothing of the rural population. We are pleased and happy.

"Love to all our friends. "J. M. GROSS. "Ocala, Fla., April 13, 1914."

Following are a few expressions from the Florida press:

"Arriving at Ocala, I was warmly greeted by a big man that looked like a preacher. 'Is this Wilcox?' 'This is Gross.' In a few minutes I was welcomed into that fine parlor where I served as an exciting memorial of Rev. J. B. Gay's liberality, and soon sleeping the sleep of the just.

"Dr. Gross was over-kind on Sunday and insisted on my taking his pulpit twice. I did, and presented with some enjoyment to myself, and a patient hearing from the good congregations. They tell me Dr. Gross is preaching to 'capacity houses;' as the theatre folks say; and in having conversions and accessions right along, at his regular services. One prominent man told me that, in the time he has lived in Ocala, some ten or twelve years—Dr. Gross is the strongest preacher that has been in Ocala—in any church. I did not hear him preach, but from my contact and conversation with the man, I can easily believe it.—From Editor of Florida Christian Advocate.

"Dr. J. M. Gross, our pastor at Ocala, is more than meeting the demands there. The verdict is this: Dr. Gross is exactly the man we need at this time. He is a true man, a wise pastor, and a great preacher. Large congregations wait upon his ministry, and nearly every Sunday somebody has united with the church. Some of the traveling men make it a point to be in Ocala on Sunday in order to hear Dr. Gross preach. Under the inspiration of the Holy Spirit he preaches a pure gospel, and the saving influence of it is reaching far and wide.—From Rev. J. R. Bridges, Presiding Elder of Ocala district.

"Heart House Cleaning" was the subject of Rev. Gross' discourse at the Methodist church last night, and all those who attended the services were treated to a most masterful sermon. Rev. Gross is a minister of extraordinary ability, both as an orator and reasoner, and that he is endearing himself
