**GOD'S LONGER DAYS
 A THOUSAND YEARS**

Mankind's History the Workday of Great Week.

The Length and Value of Time Viewed From the Divine Versus the Human Standpoint—Pastor Russell Still Abroad.

"A thousand years in Thy sight are but as yesterday."—"A day with the Lord is as a thousand years."—Psalm xc. 4; II Peter III. 8.

PASTOR RUSSELL

LONDON TABERNACLE, Lancaster Gate W., Oct. 12.—Pastor Russell spoke here twice today to large audiences. We report one of the discourses which treated on the difference between human and Divine standards of measurement.

He said in part:—

Humanity's Great Workday

From the Divine viewpoint, earth's history, from Adam's day until now, is merely the workday portion of a great week whose Seventh Day or Sabbath of a thousand years is "the day of Christ," "the last day," "the day of judgment" or trial for the world, the day in which "every knee shall bow and every tongue confess to the glory of God," the day in which "the righteous shall flourish and the evil-doers shall be cut off" in the Second Death.

In the Divinely-arranged custom of the Jews the new day began at sunset. Thus we are in the evening or beginning of the great Seventh Day of the Divine Week—the day which means so much of blessing, uplifting, privilege, opportunity of Divine favor to our race through Messiah's glorious Kingdom, which throughout this Seventh Day will reign "from sea to sea and from the river to the ends of the earth," putting down everything contrary to the Divine standards and uplifting the world of mankind (bought with the precious blood at Calvary) from sin, shame, degradation and the tomb.

"Six days shalt thou labor and do all thy work, but the Seventh is the Sabbath of the Lord thy God. In it thou shalt not do any work." Whoever reads carefully, intelligently, the pages of history must be struck with the working energy which has been manifested by our race and is still being manifested.

Next the Lesson of Good

The forbidden fruit of Eden was from the tree of the knowledge of good and evil. Doubtless the Creator would eventually have given a full knowledge of both good and evil to our first parents. They were merely forbidden an immediate plunge into knowledge to their own disadvantage. Craving knowledge before its due time, Mother

threw her into a world of sin and sorrow. The great opportunity for the masses of mankind to turn to the Lord and to obtain everlasting life will be after the darkness shall have passed, when the Sun of Righteousness shall be shining forth after the highway of holiness shall have taken the place of the broad road to destruction; after Messiah, the great King, shall have destroyed Satan, the Prince of darkness, from the world's control; after the Prince of Peace shall have established peace upon a proper basis.

God has not neglected us. We should consider the matter according to the counsel of His own Word. He is working all things together for our good, and we should think of Him as just at hand, instead of thinking that God is neglecting us.

From this Divine viewpoint God is not neglecting us. We should think of Him as just at hand, instead of thinking that God is neglecting us. The great opportunity for the masses of mankind to turn to the Lord and to obtain everlasting life will be after the darkness shall have passed, when the Sun of Righteousness shall be shining forth after the highway of holiness shall have taken the place of the broad road to destruction; after Messiah, the great King, shall have destroyed Satan, the Prince of darkness, from the world's control; after the Prince of Peace shall have established peace upon a proper basis.

A BURGLAR'S AWFUL DEED

may not paralyze a home so completely as a mother's long illness. But Dr. King's New Life Pills are a splendid remedy for women. "They gave me wonderful benefit in constipation and female trouble," wrote Mrs. M. C. Dunlap, of Leadhill, Tenn. If ailing, try them. 25c at Muller's drug store.
