

IN TOUCH WITH PASTOR RUSSELL

Editor of The Spirit Dines With the World-Famous Preacher and Studies His Personality at Close Range.

Impressions Formed Concerning the Great Man While Spending a Pleasant Day With Friends.

Editor's Note: Owing to the fact that a large number of extra copies of our issue of August 13th have been ordered at 5 cents per copy by people who are interested in this and one other article that appeared in said number, we reproduce both articles for the reason that our issue of the 13th is entirely exhausted, and we always strive to supply our readers with what they want, when the demand is great enough, as it is in this case.

The editor of The Spirit has in his time come in close contact with quite a number of people famous in various ways and noted for great ability along certain lines. Moreover, he has always made it a point to be a good listener and a close observer when in the presence of famous people. This for two principal reasons. First, to learn new things that might add to his stock of useful education, and second to try to detect any insincerity that might be apparent to close observers of men and measures.

Among those of national and international reputation that the writer long desired to come in personal contact with, was Pastor Russell, the world-famous preacher of the Brooklyn and London Tabernacles, the head of the International Bible Students' Association, an undenominational body of devout Christian believers scattered throughout the world.

The opportunity came last Sunday to the writer to meet the world-famous man aforesaid, through the kindness and courtesy of Mr. and Mrs. C. H. Ward, of Cumberland, through whose instrumentality Pastor Russell was induced to speak in both Frostburg and Cumberland on that day.

The noted Brooklyn preacher and a large number of other friends of Mr. and Mrs. Ward, including the writer, were last Sunday the invited guests of that estimable couple at their hospitable Cumberland home.

It was the writer's pleasure to occupy a seat by the side of Pastor Russell at two sumptuous repasts during the day at the Ward home, also being with him, the Wards and Dr. W. E. Spill, of Pittsburgh, in an automobile from Cumberland to Frostburg and return. Furthermore, he heard the noted pastor preach two exceedingly able discourses, and after the close of his address in Cumberland, the writer and many other guests again went to the Ward home with Pastor Russell, upon special invitation, where they partook of refreshments and spent an hour or more in pleasant and profitable conversation.

Pastor Russell is a Remarkable Man.

The writer can say most truly that not in a long time did he spend a day so pleasantly and interestingly as last Sunday. The Wards are exceptionally fine entertainers, and in addition to Pastor Russell, many other very good, intelligent and interesting people were met there, whose society is a pleasure of the rarest sort.

Of course, the writer's chief interest was centered in the guest of honor, Pastor Russell, and of a truth he can say that he never met a man of more pleasing personality than the famous Brooklyn preacher, the head of the I. B. S. A.

Pastor Russell's intense sincerity in the doctrines he preaches, and his deep devotion to the cause of Christ, cannot be doubted by those who come in close personal contact with him. Sincerity is stamped in every lineament of his face, and an intense love for the Master and all mankind beams forth from his face, one of the most kindly any man has ever gazed upon.

Those Who Rail Know Not the Man. Let those who will, rail at Pastor Russell after the manner of certain small-caliber preachers and their dupes who cannot see beyond their salaries, their own selfish motives and narrow creeds, or the confines of a selfish, Phariseeical and commercialized religion. Yes, let them rail, for Pastor Russell will love them none the less on that account, and those who rail know not what they do, and neither do they know nor understand the grand and good man they rail at.

No man with a face and physiognomy like that of Pastor Russell is a bad man. No man who is bad or purposefully deceptive can have the good and honest face of Pastor Russell, for such would be a physical and psychological impossibility. The writer can view Pastor Russell in no other light than as a grand, good, sincere and wonderfully able man.

His conversation is instructive, entertaining and convincing, and his predictions and interpretations as based on the ancient prophecies are apparently verified by passing events and other events that are apparently rapidly approaching.

Pastor Russell is known and respected in all quarters of the earth, and his works are published in nineteen languages. His sermons are published in 2,000 newspapers of the better class and read by 75,000,000 readers each week. Moreover, 8,000,000 of his "Scripture Studies" are in circulation, and the list is growing rapidly. Those figures alone speak more in favor of Pastor Russell than all the favorable

comment this paper could publish concerning him in a hundred years. More power to Pastor Russell. Read his sermons that appear in this issue of The Spirit, and do not think for a moment that he is not doing a grand and good work among the nations.

In conclusion, the writer warmly thanks Mr. and Mrs. Ward, not only for the nice time they showed him last Sunday, but also for the opportunity afforded him to meet Pastor Russell, one of the many grand and good men whose acquaintance is worth while, to say nothing of the many other good and intelligent people he met at the Ward home.

PAINT PUT-ON

Think of paint put-on and not by the gallon. A gallon of paint in the can is of no account to anybody. Put it on. Now reckon its cost and value. The secret is: one paint goes twice as far as another. A good one goes twice as far as a bad one.

You have a job, say an average job. It'll take 10 gallons Devoe and 12 or 15 or 18 or 20 of middling poor, very poor and trash. You know painter's wages in your town. Put the price of a gallon of paint and the painter's day-wage together. You can, we can't.

Devoe costs less than any inferior paint, there are hundreds of them. One paint is as good as another, so long as it lasts good; one lasts months and another years; and the one that goes furthest lasts longest.

DEVOE

J. W. SHEA sells it. Dissolution Notice. The partnership heretofore existing between E. N. Micheal and E. V. Van Meter, of Frostburg, and Jno. C. Mourtart, of Cumberland, trading as Mountain City Produce Company, has this 22nd day of August been dissolved by mutual consent. All debts owing to the above firm should be paid to E. V. Van Meter or representative, and all debts owing by the firm are assumed by E. V. Van Meter.—Adv't. 1t.

SPIRITISM SAID TO BE DEMONISM.

A most interesting little brochure has recently come off the press setting forth with Bible proofs that the communications received by and through Spiritist Mediums is of Demon origin. The writer traces his subject through the Scriptures from the time when certain of the holy angels became disobedient. He proves from the Scriptures that these fallen spirits per se possess the human dead, with whose past history, spirits, though invisible, are thoroughly acquainted. He shows that they also frequently personate the Creator and the Redeemer, commanding their deceived ones to pray, do penance, etc. This, however, is merely to lead them on and to bring them more thoroughly under demonic control. Sometimes by breaking down the natural barrier, the human will, they possess their victim, and rule him more or less to his ruin—frequently sending such to the mad-house. Numerous illustrations, Scriptural and otherwise, are given. The price of the little book is five cents; it should be in the hands of all interested in Spiritism or who have friends interested therein. Enclose stamps to the Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

THE WORD HELL.

A Little Book That Contains Some Startling Information. A little book selling at only five cents, postpaid, is having a very wide circulation—running up into the millions. It contains some very startling information respecting the meaning of the word Hell. It claims to demonstrate, both from the Hebrew and the Greek of our Bible, that Hell is NOT a place of eternal torment, but merely another name for the "TOMB, the GRAVE, the STATE OF DEATH." It affects to show that man was not redeemed from a far-off place of eternal torture, but quotes the Scriptures proving that he was REDEEMED from the GRAVE at the cost of his Redeemer's LIFE and that the Scriptural Hope, both for the Church and the World, is a resurrection hope based upon the death and resurrection of Jesus. The book is certainly worth the reading. The information it furnishes is certainly valuable, far beyond its trifling cost. Order it at once from the Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

AN IDEAL PROTECTOR.

Ethel—Suppose this boat should capsize, Arthur? Arthur—I'm afraid, dear, that you would have to hold on to the boat until I swim ashore for assistance.

NONE ARE TOO POOR to subscribe for the home paper, when it costs but \$1.50 per year, a little less than 3 cents per week.

A GOOD LETTER FROM HOME—That's what The Spirit is each week to the absent friend or boy or girl away at school and receiving the home paper.

Large Frostburg Audience Greeted Pastor Russell

His Sermon on "Armageddon" Was a Logical and Masterful Discourse—Signs of the Times Seem to Bear Out His Opinions.

Editor's Note: Owing to the fact that a large number of extra copies of our issue of August 13th have been ordered at 5 cents per copy by people who are interested in this and one other article that appeared in said number, we reproduce both articles, for the reason that our issue of the 13th is entirely exhausted, and we always strive to supply our readers with what they want, when the demand is great enough, as it is in this case.

In spite of the intensely hot weather, baseball games and other causes that keep people from religious meetings, Pastor Russell, the world-famous preacher and Bible student, proved a great attraction at the Frostburg Opera House, last Sunday afternoon, and his eloquent and logical discourse has set many people to thinking. His remarks were well received, and his discourse brought forth much favorable comment. His text was taken from Matt. 24: 21, 22: "There shall be a time of trouble such as was not since there was a nation, no, nor never shall be." Following is a synopsis of his remarks:

"The book of Revelation tells of the horrible battle, war, or conflict of Armageddon to take place in the end of this age. By it the world is to humble itself, under divine supervision, until it will be war-sick and ready to pray—'Thy kingdom come, thy will be done on earth as it is done in Heaven.' 'God's relationship to earth's wars is but vaguely understood by the great majority of mankind. Some are praying divine blessings upon the Austro-Hungarian and German armies; others are beseeching the Almighty for the British, French, Russian and Servians. Still others are praying that God will stop the war altogether. Which set of petitions will God bless? Has not the Almighty a plan and purpose of his own? Will He allow His policy to be dictated by his ignorant children, or by the world? Is it not wiser for us to inquire what is God's will rather than to suppose that He has no will or purpose, or that He would accept our well-meant advice? 'The Bible's claim is that it contains God's revelation of His plans and purposes respecting our world. Is it not our wiser plan to search the Scriptures to know God's purposes rather than to pray 'rush in where angels fear to tread'—rather than attempt to direct the Omniscient One? 'Bible Students all over the world are forming Bible classes, that by mutual aid they more and more may understand the teachings of the Bible, once to them a sealed book. And God is blessing their efforts.

"They are learning, too, that the Bible can be fully understood only by those begotten of the Holy Spirit. This is leading them into full consecration to God." Finding God's Plan of the Ages. "The finding of God's plan of the ages is like finding the architect's plan of a great building. It explains everything, the better everything is understood." The pastor proceeded to open to his hearers the plans of Jehovah, of which Armageddon is a part, according to his declaration. "Earth is the only rebellious province of Jehovah's empire. 'For the everlasting instruction of all His creatures, God is permitting a reign of sin and death. He assures us it will not be permitted to thus continue forever. At the proper time God will exert His great power for the overthrow of sin and death. 'For a time God left the world almost without hope. Later He gave promises, but only to one little nation: Israel. This favored people He used as types until the due time came for beginning human salvation. 'The first step toward human rescue was the death of Christ, who died the just for the unjust to bring us back to God. 'Next, for nearly nineteen centuries God has not even begun the world's salvation—nor the salvation of Israel. The entire world has been for individual perditions. These are told that their tribulations will work out for them glory, honor and immortality. They are assured that all their experiences are part of a great divine purpose. If they cannot exercise faith so as to suffer joyfully for righteousness sake, they will not be fit for the Kingdom. 'God's Kingdom in Embryo. 'The Bible tells us that God has planned to forcibly set up His Kingdom of righteousness for man's deliverance from sin and death. 'He says that His Kingdom, backed by Divine authority, will hold sway for a thousand years under the leadership of Messiah, whose saintly followers will reign with Him. Then God's kingdom will not end, but merely be transferred from Messiah to the world in general, which then, brought to perfection, will be one grand republic in which every man will be a sovereign, and all serve and obey the King of Kings and Lord of Lords. 'Thus we see that God's saints of every nation and denomination are as St. Peter declares—a holy people of priestly kings.' 'Already they are accepted sons of God, joint heirs with Jesus Christ, our Lord. These await the fulfillment of their predestinated number, undergoing chiseling, polishing, trials of faith, loyalty, love. They are kings

not yet crowned, merely anointed. They are children not yet matured. The first resurrection change will perfect and glorify these and qualify them for their Kingdom honors. In the meantime these realize the rebellious condition of the world, wait and pray—'Thy Kingdom come.' Kingdoms of This World. 'Few still believe the legend of the dark ages to the effect that the nations of Europe are God's & Christ's kingdoms. They merely masquerade as Christ's sheep. They are all wolfish. Let us note their origin. 'Israel had God's promise that they might be God's kingdom, and be His channel of power and mercy to all people, if they could keep God's law. Fallen like others, they could not keep God's perfect law. In due time God discontinued the kingdom of Israel. He took no other, for none could keep His law. 'The offer was merely to show all that by the deeds of the law no flesh could be justified. This was about 606 B. C., Zedekiah being the last of the Davidic line. There and then God to a certain degree recognized the Gentiles. He let them assume reins of power. He mapped out their lease of power to the end of this age, to Armageddon, when Messiah will set up His kingdom on the ruins of these empires of earth.' Here the speaker detailed the prophetic dream of Nebuchadnezzar and the Prophet Daniel's explanation of it. These he traced as follows: "The golden head of the image of earthly empire was Nebuchadnezzar's own kingdom. The breast and arms of silver pictured the Medo-Persian empire, which overthrew and succeeded Babylon. The belly and thighs of brass represented the Grecian empire, which vanquished the Medes and Persians. The legs of iron represented the Roman empire, which conquered Greece. The feet of iron and clay mixed represented the present so-called Christian nations of Europe, the ten toes the present ten divisions. The iron of the feet, representing their real strength, is the remnant of the Roman civil power. The clay is the Christian make-believe, a bad imitation of God's kingdom. The stone which smote the image represented Messiah's kingdom. It's striking the feet is Armageddon—a time of trouble such as never was before."

Pastor Russell declared that according to the Bible the awful war begun in Europe is the beginning of the end, the prelude to Armageddon. The Armageddon conflict in its finale and extreme form, according to the Bible, is to be anarchic. What Will Likely Constitute Armageddon. "The present war will merely prepare for the anarchy of Armageddon. Twenty millions of warriors in one war is a proposition so great as to stagger human conception. And armed with the deadliest weapons ever known, the results will stagger civilization. There will be no cessation of the war until the last German warship has disappeared from the high seas. 'Reverses on land fairly distributed will pique the pride of each nation, and lead on in hope of revenge. Not until these greatest, strongest richest nations shall have done their worst to each other in the name of Christianity, Christ's kingdom, may we expect a truce. Then, bleeding, weakened, dismayed, all probably defeated, the disbandment of millions will occur. Then we believe will come the Armageddon sequel, anarchy. 'Then, the Lord says, behold what desolation the Lord has made in the earth! He breaketh the bow and cutteth the spear asunder! Be still, and know that I am God; I will be exalted among the people, I will be exalted in the earth.' (Psalm 45). 'God has purposed Armageddon and foretold it. He is bringing it upon mankind indirectly by sending the light, the intelligence of our day, coming into unregenerate hearts, the light awakens and vitalizes the selfish instincts dormant in the ignorant. None but the holy can rightly use great knowledge and its powerful opportunities. God withheld the clearer light until our day, so that Armageddon would not come before the appointed time. Now our consolation is found in Jesus words—'Except those days were shortened, no flesh would survive; but for the elect's sake (because of the kingdom) those days will be shortened. For thirty years by things and pen I have taught these things, and have pointed to October, 1914, as the probable close of Gentile domination, the time when Armageddon would probably be due. Let us patiently await the outcome, rejoicing that the dark cloud has a silver lining, the inauguration of the kingdom of Him who shall ultimately be known as the Prince of Peace. True and righteous are thy judgments, Lord God Almighty. Who shall not approach and homage before Thee when Thy righteous dealings shall be made manifest?'"

A GOOD SIRE. Notwithstanding this example, the directors of the Dairymen's Association have offered generous prizes for contestants in a number of dairy product contests, ending Maryland Week, Nov. 16 to 21st, which include a market milk contest, one for new and one for old contestants, a market cream contest, a prize of \$50 for the person organizing the first new cow testing association in Maryland in 1914, and another prize of \$50 for the most efficient tester employed by one of these associations and who has served in this capacity for twelve months.

The Association also endorsed the offer of the State Experiment Station to place several Guernsey and Ayrshire Bull Calves as herd sires on selected farms, free of cost, in an effort to improve the type of dairy animals and to encourage the breeding of registered dairy cows. Full information regarding this service may be secured from the Secretary of the Association at College Park. "I was a sick man for several months caused by Gall Stones of the Liver and was told by three of our most prominent physicians that I would have to submit to an operation to get relief, but heard of your Wonderful Stomach Remedy and secured a full treatment and took it according to directions and passed hundreds of Gall Stones. Since taking your medicine I work regularly and don't feel any ill effects. I am praising your Wonderful Stomach Remedy for weeks and months before they feel better. I just try one dose which should make you feel better in health, convince you that you will soon be well and strong, free you from pain and suffering and give you a sound and healthy Stomach, as it has done in thousands of other cases. Whenever it is taken you will hear nothing but the highest praise. Go to your druggist—ask him about the great results it has been accomplishing in cases of people he knows or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for a Free Book on Stomach Ailments and many grateful letters from people who have been restored. For sale in Frostburg, Md., by the G. E. Pearce Drug Co.

WAKE UP! ROY H. WAITE, Maryland Agricultural Experiment Station.

After the strenuous work of mating, hatching, and caring for the young chicks you are apt to lay back and take it easy just as soon as the birds get to the age where they do not die off as a consequence of every little neglect. I wish to caution you, however, not to do this if you expect best results next winter. While it is true that the evil results of neglect do not show up so prominently now, they nevertheless are present and will show up in a depleted egg basket next fall and winter when eggs are highest in price. Most any old scrub of a hen will lay well in the spring when everything is favorable to egg production, but it takes a healthy, strong, vigorous, well-grown bird that has had no set backs to produce during the unfavorable seasons.

CRIMSON CLOVER SHOULD BE SEED EARLY FOR BEST RESULTS. Crimson clover should be sown broadcast any time between the middle of July to the first of September; show up so prominently now, they nevertheless are present and will show up in a depleted egg basket next fall and winter when eggs are highest in price. Most any old scrub of a hen will lay well in the spring when everything is favorable to egg production, but it takes a healthy, strong, vigorous, well-grown bird that has had no set backs to produce during the unfavorable seasons.

THE REAL REASON. "Why," asked the hen, of her intimate friend, the house cat, who was, so to speak, in the confidence of the humans, "do you suppose I am getting so much praise as a great institution?" "Hm!" purred the cat. "That is merely to egg you on."

IT IS BAD BUSINESS for any Frostburg businessman not to carry an advertisement of some kind in this paper.

DAIRYMEN STRONGLY FAVOR USING IMPROVED STOCK

Their Association Urges Farmers to Secure Well-Bred Bulls and Offers Prizes For Superior Milk.

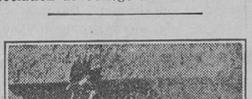

At a recent meeting of the State Dairymen's Association in Baltimore, a striking instance was given of "the asleep at the switch" attitude of our milk producers as far as the improvement of their herds is concerned. In 1910, Mr. S. M. Shoemaker made the offer of a pure-bred bull calf to the farmer whose cow would make the highest milk record in the State, no expense to be incurred therewith, and no restrictions except that the contest be supervised by the State Experiment Station. There was not an inquiry—not one! Sixty days after making this offer, Mr. Shoemaker priced this same bull to a buyer at \$300 and promptly sold it. Lest there should be question as to this offer being widely enough advertised, it should be added that the bull calf, together with its pedigree and a large placard stating the simple conditions of the prize were on exhibit during Maryland Week of that year for all visitors at the Armory to see!

A GOOD SIRE.

Notwithstanding this example, the directors of the Dairymen's Association have offered generous prizes for contestants in a number of dairy product contests, ending Maryland Week, Nov. 16 to 21st, which include a market milk contest, one for new and one for old contestants, a market cream contest, a prize of \$50 for the person organizing the first new cow testing association in Maryland in 1914, and another prize of \$50 for the most efficient tester employed by one of these associations and who has served in this capacity for twelve months.

Most any old scrub of a hen will lay well in the spring when everything is favorable to egg production, but it takes a healthy, strong, vigorous, well-grown bird that has had no set backs to produce during the unfavorable seasons.

CRIMSON CLOVER SHOULD BE SEED EARLY FOR BEST RESULTS. Crimson clover should be sown broadcast any time between the middle of July to the first of September; show up so prominently now, they nevertheless are present and will show up in a depleted egg basket next fall and winter when eggs are highest in price. Most any old scrub of a hen will lay well in the spring when everything is favorable to egg production, but it takes a healthy, strong, vigorous, well-grown bird that has had no set backs to produce during the unfavorable seasons.

STOMACH SUFFERERS

Mayr's Wonderful Stomach Remedy is Recommended and Praised by Thousands Who Have Been Restored

WAKE UP! ROY H. WAITE, Maryland Agricultural Experiment Station.

After the strenuous work of mating, hatching, and caring for the young chicks you are apt to lay back and take it easy just as soon as the birds get to the age where they do not die off as a consequence of every little neglect. I wish to caution you, however, not to do this if you expect best results next winter. While it is true that the evil results of neglect do not show up so prominently now, they nevertheless are present and will show up in a depleted egg basket next fall and winter when eggs are highest in price. Most any old scrub of a hen will lay well in the spring when everything is favorable to egg production, but it takes a healthy, strong, vigorous, well-grown bird that has had no set backs to produce during the unfavorable seasons.

THE REAL REASON. "Why," asked the hen, of her intimate friend, the house cat, who was, so to speak, in the confidence of the humans, "do you suppose I am getting so much praise as a great institution?" "Hm!" purred the cat. "That is merely to egg you on."

IT IS BAD BUSINESS for any Frostburg businessman not to carry an advertisement of some kind in this paper.
