BROOKLYN ABERNACLE BIBLE STUDIES, OLD TESTAMENT TIMES

Genesis 1-2:5—Jan. 5. "In the beginning God created the heavens and the earth; and the earth was waste and void, and darkness was upon the face of the deep."—Genesis 1:1, 2. (R. V.)

In the past Bible students have not been sufficiently critical in studying God's Word. The Genesis account does not begin with the creation of our planet, but refers merely to the work accomplished by Divine Power in bringing the earth into condition for man's use. The Earth had been created by Divine Power before the work mentioned in the Genesis account began. Higher Critics attribute millions of years to this period of formation. Bible students content themselves with the record that the Earth already was at "the beginning," of the Genesis account.

THE BIBLE MENTIONS DAYS OF VARIOUS LENGTHS.

For instance, "The day of temptation in the wilderness"—forty years, (Hebrews 3:8). "A day with the Lord is as a thousand years." (2 Peter 3:8). While God could have accomplished His great work in six twenty-four hour days, there is no reason to think that such short days are meant. God arranged a great Week of Seven Days for His work of bringing man to perfection. Six of these Days prepared our planet to receive Adam as it King. The Seventh Day, which there began, lacks a thousand years of completion. During that period, the Bible tells us, Earth will be brought to a Paradise condition and man restored by his Redeemer to God's Image.

Six great-Thousand-Year Days have passed since Adam was created, according to geology. We are now in the dawn of the Great Seventh, or Sabbath, of human experience. In it Satan and sin are to be overthrown, righteousness is to be established by the Redeemer, and mankind, purchased by His precious blood at Calvary, are to have full opportunity to arise from present degradation to re-attainment of the image of God, lost in Eden by Adam's disobedience.

The Seventh Day of the Creative Week began with Adam's creation, has already lasted six thousand years and is to be completed with the thousand years of Christ's Reign. The Seventh Creative Day will be seven thousand years long. Whoever sees this to be a reasonable deduction can easily suppose that the six preceding days of the Genesis account were, likewise,

seven thousand years each. Reckoned thus, the total period from the time that Divine Energy began to operate upon the waste Earth down to the time when the whole work of creation and Restoration will be fully completed, would be 7 times 7,000 years, which equals 49,000 years. According to the Bible, that time will be a thousand years hence, when Christ shall deliver up the Kingdom to God.

WEST CHOIR WILL SING EXTRA MUSIC

At West Presbyterian Church tomorrow the usual services will be held. Dr. Smiley will conduct the morning and evening services at 10:30 and 7:30 o'clock, his morning theme will be, "What of the Night?" In the evening he will deliver a popular address on the subject, "A Leader; But—A Leper." There will be the usual service of song by the people at the opening, and during the evening's program the large choir, under the direction of Professor Clymer, will sing the following: anthem, "Praise the Lord, O My Soul," Van de Water; soprano solo, "Only Today," Adams; offertory anthem, "Jesus, Lover of my Soul," Edwards; male quartet, "I can tell Jesus," Townser; Messers. Why Endure Pimples and Blackheads?

If you wish a skin clear of pimples, blackheads and other annoying eruptions, begin today the regular use of Cuticura Soap assisted by Cuticura Ointment. No other method is so agreeable, so often effective and so economical.

TREATMENT:—Gently smear the affected parts with Cuticura Ointment, on the end of the finger, but do not rub.

Wash off the Cuticura Ointment in five minutes with Cuticura Soap and hot water and continue bathing for some minutes. This treatment is best on rising and retiring. At other times use Cuticura Soap freely for the toilet and bath, to assist in preventing inflammation, irritation and clogging of the pores, the common cause of these distressing facial eruptions and other unwholesome conditions of the complexion and skin.
