

JOSEPH RUTHERFORD, PASTOR RUSSELL'S SUCCESSOR, STARTED LIFE AT BOTTOM

Pastor Russell (top), his New York temple, and Joseph Rutherford.

Joseph F. Rutherford of New York, the successor of Pastor Russell as president of the Watch Tower Bible and Tract society, started life at the bottom of the ladder. He was born in Morgan county, Missouri, November 8, 1869. He spent his boyhood days on the farm and later worked his way through college. He practiced law in Missouri and became a member of the New York state bar in 1909. He was Pastor Russell's confidential friend and legal adviser from 1907 until his death.

WEATHER DELAYS SEARCHING PARTY

Four Military Aeroplanes Leave on Hunt for Missing Army Flyers—100 Men Searching.

San Francisco, Cal., Jan. 15.—Four military aeroplanes, one of which will be equipped with wireless, will leave the army aerodrome here at daybreak tomorrow in a flight over the mountains to Calexico, Cal., whence an aerial expedition will be sent across the border into Lower California to endeavor to find some trace of Lieutenant W. A. Robertson, Jr., army flyer who has been lost since last Wednesday.

Plans hurriedly made Sunday for three machines to leave this morning for Calexico were interrupted by weather conditions, heavy clouds which obscured the mountain peaks tending to make such a flight hazardous. Captain Byron Q. Jones, accompanied by an observer, made a reconnaissance about noon today and upon his return declared it would have been impossible for an airplane to have successfully pierced the dense clouds hanging over the hills.

Anxiety on the part of the aviators to leave nothing undone to trace their lost brother flyers led to a determination late today to attempt the flight over the mountains tomorrow, regardless of weather conditions.

Calexico, Cal., Jan. 15.—More than 100 men were searching the hills and desert of Lower California today for the last army aviators. A field base has been established at Black Butte.

Major Frank Lahm and Colonel William L. Kenly of the aviation school at San Diego, completed arrangements for the aeroplanes to alight and start from Camp John H. Beacom. All who were in readiness for actions accompanying Greece's reply in the aviators who are expected to leave San Diego tomorrow morning.

Twelve automobiles, carrying 25 members of the army aviation staff at North Island, San Diego, arrived tonight at Camp John H. Beacom. They will assist in the search.

EXPORT DUTIES KEEP UP MEXICO

El Paso, Texas, Jan. 15.—Export duties on sisal fiber from Yucatan and on crude oil from Tampico are the chief sources of income of the Carranza government, according to a financier just out of Mexico. Owing to reduced importations, the ordinary customs are a minor source, he explains, while the suspension of work in the mines and factories and the unprosperous condition of the ranchers has materially reduced the amount received in taxes.

Mines and factories have suffered in some parts directly from bandits and rebels, but everywhere from lack of chemicals and other materials for which Mexico had formerly depended on Europe. Currency troubles and lack of sufficient coin to do business with, have further had a depressing effect.

A decree issued by First Chief Carranza calling on all banks to liquidate will clean up a number of insolvents. As the banks in Mexico are almost all run by British and French capital, this should give the banking interests of the United States an opportunity to get a foot hold in Mexico when its government is put on a basis capable of attracting investors, he declared.

CHEMIST TO LOOK AT POTASH BEDS

Salt Lake, Jan. 15.—Frank L. Cameron of Washington, D. C., former chief of the bureau of chemistry of the United States department of agriculture, arrived in Salt Lake last night for the purpose of making an extensive investigation of Utah products for manufacturing concerns in the east with which he has become associated in a consulting capacity. He is making his headquarters at the Hotel Utah.

U. S. SOCIETY GIRL IN CHARGE OF UNIT OF ARMY OF MERCY

Mrs. Borden-Turner in nurse's costume.

Army Surgical Mobile, No. 1, one of the largest field hospitals in Europe, is under the command of Mrs. Mary Borden-Turner, a New York society girl. This ambulance unit was established in July, 1915, seven miles behind the French first line in Flanders.

VIGOROUS BATTLE ON IN RUMANIA

Bulgarians Shell Galatz—Tentonic Allies Now Control Vadeni.

Paris, Jan. 15.—Rumania is the only theatre where vigorous operations are in progress, although there are indications of the possibility of another big battle on the Macedonian front in the near future. In engagements in Mesopotamia near Kut-el-Amara, both the Turks and the British claim the advantage.

The Tentonic allies now control Vadeni, six miles southwest of Galatz, Rumania, and Galatz is under the fire of the Bulgarian artillery from the right bank of the Danube.

Berlin reports the repulse of Rumanian offensives near Fundeni, and between the Kassino and Suchitza river, near the Moldavian frontier.

Petrograd says the Rumanians near the Kassino river forced back the invaders and inflicted heavy casualties on them northwest of Fokshani.

Germany Repulse Attack on Suchitza. Berlin, Jan. 15.—By wireless to Sayville—Strong attacks were made yesterday by Russian and Rumanian troops on the recently captured Tentonic positions north of the river Suchitza valley, on the northern Rumanian front.

The statement announces the capture of the town of Vadeni, southwest of Galatz, reported in last night's supplementary headquarters statement.

The statement reads: "North of the Suchitza valley, the positions we recently captured were attacked by stronger Russo-Rumanian forces. The enemy was everywhere repulsed.

"Between the Buzaa and mouth of the Sereth in spite of unfavorable weather, Vadeni, the last town held by the Russians south of the Sereth

No Need To Rub! FOR stiff sore muscles apply Sloan's Liniment to the pain or ache, it quickly penetrates and soothes without rubbing. Rheumatism, gout, lumbago, neuralgia, sprains and bruises are quickly relieved by its use. Cleaner and more promptly effective than musky plasters or ointments, it does not stain the skin or clog the pores. The family medicine chest in thousands of homes has a place for Sloan's Liniment. At all druggists, 25c, 50c, and \$1.00.

Sloan's Liniment KILLS PAIN

was taken by storm and in hand-to-hand fighting."

Entente insists Greece Accepts Last Ultimatum.

Athens, Jan. 15, 12:30 a. m., via London, 10 p. m.—The entente powers, through the Italian minister, have insisted on unqualified acceptance of the last entente ultimatum, considering the Greek government's reply equivocal.

It is stated in government circles that while maintaining that the observations accompanying Greece's reply in no wise constituted reservations violating the fullest acceptance of the ultimatum, the government is willing to repeat its acceptance categorically, as desired.

A dispatch from Athens, January 15, said that Greece's acceptance of the entente ultimatum contained certain reservations. A dispatch from London two days later said the reply was not entirely satisfactory and that Greece would be informed that, although it was gratifying as far as it went, more definite acquiescence was necessary.

An example was cited in the case of the Venizelist prisoners, whose release was demanded by the entente immediately. The Greek reply agreed to free them but did not stipulate when their release should take place.

PRISONERS' FOOD BEST OBTAINABLE

Douglas, Isle of Man, Jan. 15. (Correspondence of the Associated Press.)—As an experiment in communal feeding, the British government's camp for war prisoners at Knockaloe is the biggest and most successful thing of its kind ever attempted in the British Isles. Here 22,000 prisoners are housed and fed at a score which averages only 75 per cent. per week. The capital cost of the camp, which was built on farm land in the north of the Isle of Man, was \$1,250,000. This figure covers the building of all the barracks and administrative offices, kitchens, streets, sewage, water and electricity plants, telephones, and all the other essentials of a modern city. On a basis of a population of 25,000 the cost of building this prison camp city figures out at about \$50 for each inhabitant.

The question of food as related to health has been a prime consideration with the British officials from the start. "Our dietary," explained the commandant, "has been constantly observed and studied scientifically by a staff of medical men, who, from time to time, make such changes as experience dictates. The cooking is all done by the men themselves, and the excellent results they achieve are not to be wondered at when it is remembered that they have among them some of the finest chefs of the big English hotels and restaurants. At one time their table was so much superior to that of the English officers' mess that the officers discharged their English cook and requisitioned one of their kitchen ever since."

The health of the prisoners bears testimony of the adequacy of the food provided. In this improvised town of 25,000 inhabitants, there have been only 70 deaths in two years—a yearly death rate of less than 15 per thousand. This compares with a death rate in all England of 13.3 or in the United States of about 14.1.

NEGRO CONDEMNED. Texarkana, Ark., Jan. 15.—John Harkins, a negro, was tried, convicted and sentenced to be electrocuted all within an hour and a half for the murder of Mrs. Ben Diles and her 18-month-old daughter at Ashdown, November 3.

Victrola advertisement featuring the 'His Master's Voice' logo, a gramophone, and the text 'The world's greatest artists true to life!' and 'Victrola XVI, \$200'.

The artists you want to hear in your home are the famous singers and musicians who are the favorites of the music-loving public; who by reason of their exceptional brilliance are universally recognized as the world's greatest artists.

Caruso, Alda, Bori, Braslau, Calvé, Culp, de Gogorza, Destinn, Farrar, Gadski, Garrison, Gluck, Hempel, Homer, Journet, Martinelli, McCormack, Melba, Ruffo, Schumann-Heink, Scotti, Sembrich, Tetrassini, Whitehill, Williams, Witherspoon, Werrenrath, and other famous singers. Elman, Kreisler, Paderewski, Powell, Zimbalist and other noted instrumentalists. Sousa's Band, Pryor's Band, Conway's Band, Vessella's Band, Victor Herbert's Orchestra and other celebrated musical organizations.

Their performances in your home are all due to the wonderful achievements of one instrument—the Victrola. The artists themselves have chosen the Victrola as the only instrument capable of bringing their superb art into the home in all its natural beauty. That is why they make Victor Records exclusively.

Any Victor dealer will gladly demonstrate the various styles of the Victor and Victrola—\$10 to \$400—and play for you any music you wish to hear.

Victor Talking Machine Co., Camden, N. J.

Important Notice. All Victor Talking Machines are patented and are only licensed, and with right of use with Victor Records only. All Victor Records are patented and are only licensed, and with right of use on Victor Talking Machines only. Victor Records and Victor Machines are scientifically coordinated and synchronized by our special processes of manufacture, and their use, except with each other, is not only unauthorized, but damaging and unsatisfactory.

New Victor Records demonstrated at all dealers on the 28th of each month

Billings Sells Farm. Richmond, Va., Jan. 15.—It was announced here today that C. K. G. Billings, the New York capitalist and horseman, will sell his 5,000 acre farm

McKinley's Classmate Dead. Indianapolis, Ind., Jan. 15.—The Rev. Edwin B. Cummings, member of the first legislature of South Dakota, died here today at the age of 77 years.

Receipts of Places of Amusement in Paris. Paris, Jan. 16.—All the places of amusement in Paris took in 17,000,000 francs less in 1915 than in 1914 and about 44,000,000 francs less than in 1913. The legitimate theatres took in about 8,100,000 francs, which was only 300,000 francs more than the moving picture shows and only a quarter of the receipts of 1913.

A Good Winter Habit. Many people dread winter because the sudden climatic changes bring colds, grippe, rheumatism, tonsillitis or bronchitis. But thousands of well-informed men and women today avoid much sickness for themselves and their children by taking a few bottles of Scott's Emulsion to make richer blood, fortify the membranes of the throat and chest and create body-warmth to resist sickness. Soldiers at war receive cod liver oil; it will also strengthen you.

Mizpah Club. The Mizpah social club was reorganized at a special meeting Saturday night, with Leo Squires as president and Albert M. Squires as vice president. William Gormley and Earl Pingree were re-elected secretary and

treasurer, respectively. The club will meet every alternate Thursday and will assemble for its first 1917 regular social meeting on Thursday of this week, at the home of Mr. and Mrs. James O'Brien.

Curles Neck on James river, fifteen miles below Richmond, and spend his winters in southern California. The estate cost Mr. Billings a million dollars.

Developments of potash beds at Marysville and the extraction of potash from the waters of Great Salt Lake is regarded with the keenest of interest in eastern chemical centers," said Mr. Cameron. "While the potash industry still is in its infancy in the United States, there is a feeling that the country no longer will be required to go abroad for its potash and it is difficult indeed to understand the importance and true meaning of potash development in the United States."

Mr. Cameron, who was induced to leave the service of the bureau of chemistry at Washington a year ago to undertake important missions in research work for big chemical concerns, said that he was not at liberty to disclose the identity of the firms he is representing or the specific nature of the investigation he is about to make. But he added that he expects to be in the state two or three weeks.
