LECTURES SUNDAY OF CHRIST'S KINGDOM

C. E. Stewart.

Next Sunday morning at 10:30 o'clock C. E. Stewart, a bible student and lecturer of Springfield, Ill., will speak on "Christ's Kingdom on Earth" at Math's hall. The speaker has been a student of the bible for a number of years and discusses human affairs from that standpoint and takes a very optimistic view of the future. He considers the wonderful advancement in general knowledge and inventions as merely a preparation for something still better. The International Bible Students' association which has arranged for the meeting has also arranged for the expenses so that it will be entirely free, similar to lectures given in public schools and other educational institutions. No collection will be taken.

—Miss Florida Abrahamson. Treasurer—Daniel Montgomery. Attorney—George C. Wenger. State Meeting Here.

Announcement was made of the fact that the Illinois Humane society, with headquarters in Chicago, has accepted the invitation of the local society to hold its annual meeting in this city this spring. The date is not set yet, but will probably be in May or June.

The secretary's and treasurer's reports were read, and on account of the absence of a humane officer, the secretary read the following report of the work done by the former officer, Wirt Taylor, for the last year, up to the time of his departure for Washington: Animal cases: Complaints received and investigated, 79; horses and mules examined in harness, 448; drivers reprimanded, 47; horses suspended from work for being unfit for it, 15; horses destroyed, 12; dogs destroyed, 3; cats destroyed, 1; case of a dog reported to Moline police, 1; complaints on the shooting of birds, the parents were warned; circus outfit examined, 2; the case of one dog being reported to the constable.

Humane cases: Five adult cases; five children cases; three letters of warning sent out; one warrant issued. Officer Has Much Work.

On account of the great amount of street work in different parts of the city, the duties of the officer were unusually heavy during the hot weather. In cases of complaints of abuse towards animals, horses particularly, drivers and foremen were usually willing to do the right thing when their wrong methods were pointed out to them. The greatest trouble that the officer has to contend with is that people who send in complaints, especially in humane cases, do not want their names made known. This wish is always respected, but it makes the work harder for the officer. The society is not here to persecute people, but to prevent cruelty and willful negligence toward the weaker ones. If necessary, the society must prosecute the offenders, but that is only the last resort.

After the business meeting, a short program was enjoyed. In a few words the president, Mr. Parks, reviewed the work of the last year and told of what was to be expected during the coming year. Mrs. Wagstaff gave a reading, suitable for the occasion, "An Awakened Clergy," and Mrs. Rinck gave a short history of the Band of Mercy work, which has now been started in the schools. She also told that in connection with the annual meeting of the Illinois Humane society it is planned to have an immense mass meeting for the children. Miss Kingsbury's reading, "Only a Horse," was appropriate, and Dr. J. W. Stewart's talk was both pleasing and effective.

Miss Carnahan of Milan closed the program by giving a humorous selection, "Cooking a Husband." An expression of thanks was given to the ladies' auxiliary and the press for their cooperation in the humane society work.

PROGRESSIVES NOMINATE HANLEY IN SECOND IOWA

Charles F. Hanley, city attorney of Muscatine, was nominated for representative by the Second Iowa district progressive convention yesterday afternoon. He accepted.

Medill McCormick, national committeeman from Illinois, delivered an address and resolutions were adopted endorsing the national and state progressive platforms of last year. All three parties now have candidates in the field. Each nominee is a city attorney. The republicans named W. E. Hayes of Clinton and the democrats will support Henry Volmer of Davenport. Hayes today declined the nomination.

BOY DENTIST IS HANDED A FINE

Davenport Tooth Carpenter Pleads Guilty to Working Without License.

Joseph Miller, 21 years old, pleaded guilty before Judge William Theophilus in district court yesterday afternoon to a charge of practicing dentistry in Davenport without a state permit, and was given the minimum fine, \$50 and court costs. For the past four years, according to Miller's story, or until a short time ago, he had been employed by Dr. Charles A. Murray, doing laboratory work. On or about Nov. 24, according to the information against Miller and to which he pleaded guilty, a man walked into Dr. Murray's office and stated that he had a severe toothache. Miller escorted the patient to the dental chair and treated the aching tooth. The patient, instead of returning to Murray's office, as Miller requested him to do, is said to have gone to another dentist for treatment. A few days ago Dr. J. A. West, secretary of the Iowa state board of dental examiners, was in Davenport and swore out information against Miller. Dr. West stated at that time that the board was receiving numerous complaints that dentists' understudies were in many cities in Iowa performing the functions of a licensed dentist. The board decided to prosecute to the limit all such cases, and when the Davenport case was referred to it, an investigation was immediately begun. Information charging Dr. Murray with employing an unlicensed dentist was dropped and the charge of practicing without a permit was lodged against Miller. It is said that the latter is not now in the employ of Murray. In district court Miller entered a plea of guilty to the charge. The county attorney recommended that a minimum sentence be imposed. The defendant was represented by Attorney Louis E. Roddewig. When asked for his plea, Miller said that he was guilty and the fine was imposed.

OLSON IS WINNER OF SCHOLARSHIP

Selected by Augustana Faculty from Three Elected by the Student Body.

George Olson, a member of the freshman class at Augustana college, is the winner of the O. H. Thorstenberg scholarship this year. Following a ballot taken among all the students of the college department, the faculty announced yesterday that the award would be made to Olson. The selection was made by the faculty from the three students receiving the highest number of votes. The names of the other two were not made public. The scholarship consists of the interest on \$1,000 given by O. H. Thorstenberg of Assaria, Kan., and amounts to about \$50 annually. Olson is from Hancock, Mich.

Edgar S. Kindley, humorist, poet and lecturer, will be an attraction at Augustana college next Wednesday evening. Kindley is an extra number on the lyceum course, but all holding season tickets will be permitted to hear him free of charge. Kindley's lecture will be of special interest here, dealing as it does with Black Hawk's tribe in legend and lore. For years he has studied the legends and lore of the Sac and Fox Indians, who formerly had their haunts in these parts.

Russell H. Conwell's lecture, which was postponed from Dec. 5, will be given on the lyceum course March 12.

The Joy of a Pleasant Dining Room

The dining room is the center of the home. From it radiates the good cheer and hospitality of the household. Here it is that we entertain our guests, and the good impression created by a pleasant Dining Room lingers long in a person's memory. Would this table and lamp add to the attractiveness of your dining room? Would it make you more like inviting your friends to your home? If your answer is in the affirmative you will want to read further.

The Petal Shaped Dome

It is one of the most beautiful designs ever created by the Glass-crafters. The dome measures 22 inches in diameter and has eight petal shaped panels of opalescent green and amber glass, and when illuminated a rich yellow light is cast about the room. The entire frame, chain and ceiling canopy is finished in satin brass. Each dome is fitted with a three-cluster electric light socket or inverted gas mantle, just as you wish.

The Solid Oak Table

is made of selected solid oak lumber, has a 42-inch top that extends to six feet; this top is highly polished to bring out the handsome oak grain. The design is the very newest, a semi-colonial pattern, and the construction is of the very best, for this table is the product of the country's best known furniture factories.

ONE PRICE - PLAIN FIGURES
FRANC'S
FURNITURE - CARPETS - STOVES

107-109 WEST SECOND STREET, DAVENPORT, IOWA.

The Price, \$18.50

Try, if you can, to disassociate one of these articles from the other, examine either one carefully, note the little details about it, then estimate the actual value of it. "Is \$18.50 too much for the lamp?" or "Is \$18.50 too much for the table?" "No." Then just stop to consider that both of these articles can be bought tomorrow at the actual valuation of either one single. It is then that you fully realize how remarkable this offer is and how much you gain by taking advantage of it.

\$2.00 Delivers Both Articles

We have placed both of these articles within the means of everyone by offering to deliver both pieces to you upon payment of only \$2.00, the balance to be paid for at the convenient rate of \$1.50 per month. We do not consider that we are doing you a great favor by offering you the advantage of credit—the advantage is really in our favor; in fact, we would much prefer that you buy everything on credit instead of cash, for we know of no better way of welding our customers to us.
