## CARGO AWAITS

### NEW LAW

Owners of Canadian Vessel  
Save Six Hundred Dollars By Tardiness.

Bay View, Mich., Oct., 14.—The steamer Ogemaw, from Canada with a cargo of lumber, arrived here today after remaining at anchor for two days in Saginaw Bay waiting for the new tariff law to go into effect. Owners of the steamer and cargo estimated that the move saved \$600. Capt. Pierce, master of the steamer, said thousands of dollars worth of lumber have accumulated in Canadian ports which will soon find markets in the United States.

### Chronic Dyspepsia.

The following unsolicited testimonial should certainly be sufficient to give hope and courage to persons afflicted with chronic dyspepsia: "I have been a chronic dyspeptic for years, and of all the medicine I have taken, Chamberlain's Tablets have done me more good than any thing else," says W. G. Mattison, No. 7 Sherman St., Hornellville, N. Y. For sale by all dealers.

### Printing Outfit at State University.

On the account of recent reforms in the course of journalism at Kentucky State University,

the president has bought a printing outfit, and men are now busily engaged in making room for it in the basement of the Educational Building. The object of this movement is, first, that the school may establish a strong course in journalism; second, that it may print a daily paper.

This will open up vast opportunity for the students of State University. The president says the school of journalism here will be as good as any in America within the course of two years. Students will learn to set type and write editorials. "One editorial," says Phea Barker, "written by a student will be of as much value to him as a dozen lessons in English."

### Greek is Father of 51 Children.

Tulsa, Okla., Oct. 9.—Charles Roberts, a Greek, who claims to be the father of 51 children, was arrested here and taken to Mus-

kogee today to answer a charge of contempt of court, growing out of a guardianship matter.

Roberts says he can establish his claim to having the largest family in the United States and possibly in the world. He was married in 1867, and of that union nineteen children were born. He has been married several times since and says he has thirty-three children living.

### ENTOMBED MINER GETS FOOD THROUGH PIPE

Tube Sunk When Rescuers Hear Man Signaling by Hitting Gangway.

Centralia, Pa., Oct. 14.—A rescuing party seeking to liberate Thomas Toschesky, who was entombed in the Continental mine here last Friday by a fall of coal, heard him today signaling to them by tapping on the side of a gangway. A borehole was sunk from an upper level to where he was confined and bottles filled with liquid food were lowered to him. He may be reached by the rescuers some

time tonight. Twice rescue parties have been within a short distance of the entombed miner only to be driven back by fresh rushes of coal. Toschesky, who was buried in a similar manner some years ago in a mine at Ashland, was employed at "robbing" pillars of coal when he was buried. Fellow-workmen, who succeeded in escaping, gave the alarm and the rescue parties were immediately organized.

Little hope was entertained of finding Toschesky alive until the tapping was heard today.

**Backache**

Miss Myrtle Cothran, of Russellville, Ala., says: "For nearly a year, I suffered with terrible backache, pains in my limbs, and my head ached nearly all the time. Our family doctor treated me, but only gave me temporary relief. I was certainly in bad health. My school teacher advised me to

### THE WORD HELL.

A Little Book That Contains Some Startling Information. A little book selling at only five cents, postpaid, is having a very wide circulation—running up into the millions. It contains some very startling information respecting the meaning of the word Hell. It claims to demonstrate, both from the Hebrew and the Greek of our Bible, that Hell is NOT a place of eternal torment, but merely another name for the TOMB, the GRAVE, the STATE OF DEATH. It affects to show that man was not redeemed from a far-off place of eternal torture, but quotes the Scriptures proving that he was REDEEMED from the GRAVE at the cost of his Redeemer's LIFE and that the Scriptural Hope, both for the Church and the World, is a resurrection hope based upon the death and resurrection of Jesus. The book is certainly worth the reading. The information it furnishes is certainly valuable, far beyond its trifling cost. Order it at once from the Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

### Panama Canal Failure.

Washington, D. C., Oct., 10.—Speaking at the "Temple" from the text, "Clean hands and a pure heart" (Psalm 24:4, 5), Pastor Russell said:—  
God alone is the Judge of heart purity and clean handedness. Human judgment is liable to error. Lack of charity has oft branded good as evil, as dishonesty or carelessness. For instance, it is no fault of the able engineers that the Panama Canal will have an efficiency of only one-fourth of its intentions and capacity. The waters of Gatun Lake should have been sufficient to supply the locks, according to statistics. The fact the rainfall has been decreasing

during the past five years could not be foreseen by man any more than could the blessed increase of rain in Palestine. The world is the midst of great climatic changes which, with the increase of knowledge God is pouring upon us, are preparations for Messiah's Kingdom.

Yet, when the facts reach the public, disappointments will lead some to charge that the needed additional hundred millions of dollars for pumps or additional dams was foreseen and is merely a graft, unclean hands and dishonest hearts.

Let us rather "render honor to whom honor is due," and even though the greater temptations of our day and its brighter searchlights of publicity show impure hearts and unclean hands where unsuspected, let us not lose faith in humanity. While the Bible tells us that perfection will not be fully attained until the close of the Millennium, let us have confidence that even now there are thousands of pure hearts and clean hands. Loss of faith in our fellows is one of the serious omens of our day, boding evil to our civilization.

**"BLOOD IS THICKER THAN WATER"**

Without good red blood a man has a weak heart and poor nerves. Thinness of the blood, or anemia, is common in young folks as well as old. Especially is it the case with those who work in ill ventilated factories—or those who are shut up indoors in winter time with a coal stove burning up the oxygen or emitting carbonic (oxide) gas. This blood, or blood which lacks the red blood corpuscles, in anemic people may have been caused by lack of good fresh air breathed into lungs, or by poor digestion or dyspepsia. Sometimes people suffer intensely with the heart which is not heart disease at all, but caused by indigestion. Whatever the cause, there's just one remedy that you can turn to—knowing that it has given satisfaction for over 40 years.

**DR. PIERCE'S**

**GOLDEN MEDICAL DISCOVERY**

is a blood cleanser and alternative that starts the liver and stomach into vigorous action. It thus assists the body to manufacture rich red blood which feeds the heart—nerves—brain and organs of the body. The organs work smoothly like machinery running in oil. You feel clean, strong and vigorous instead of tired, weak and faint. Nowadays you can obtain Dr. Pierce's Golden Medical Discovery Tablets, as well as the liquid form from all medicine dealers, or by mail, prepaid in \$1 or 50c size. Address: Dr. V. Pierce, M.
