DICTAGRAMS

Old Si says business is business. Stop scrapperin' and get together.

Procrastination is the thief of time and also makes snow shoveling much harder work.

Poverty and politics make strange bedfellows. Your friends of today are your opponents tomorrow. It works both ways.

Four years ago Teddy's enemies said he had a "vaunting" ambition. Now they are saying "I told you so." They called him an aristocrat. Now he is an acrobat.

Uncle Heck says: Don't fool yourself into thinking that a man loves you, simply because he votes for you. Probably he votes for you because he hates the other fellow.

Consult your dictionary and get ready to "put one over" on your friends. Two high sounding words, which are new in politics, have been injected into politics. They are "anchylosing" and "fissiparating."

Uncle Heck is a great snow shoveler and keeps right at it. Old Si says, "quit shoveling." That's what keeps the snow comin', day after day." And Uncle Heck's lumbago tells him there may be something in it.

Uncle Heck says life was very sorry when Teddy said he would under no circumstances accept another nomination and now he is falling worse than ever about it. "Don't worry about that! says Old Si, "He won't."

Can any sane man think of any way to "recall" a decision of the Supreme Court of the land except by rapine, rebellion or revolution—the three most dangerous R's in the list of treasonable things? It is a dangerous suggestion—it only to appear in the Appeal to Reason.

When a man wants to do a mean, dirty, despicable thing, he gives out some plausible excuse in an effort to justify his perfidy. The true reason for his action is hidden away in the darkest corner of his little soul but it can be found by those who have the key to the situation.

Here's our sentiments from the Osborne Farmer: "It is not the policy of the Farmer to take any candidate's part before the primaries. It is presumed that all candidates asking for a nomination on the Republican ticket are good men. Of course the Farmer would feel it a duty to say something were a wholly unfit and incompetent aspirant to come out—one whose morals and integrity were in bad odor. The Farmer does not use its columns to boost or defeat any candidate for a nomination for county office. When the Republican ticket is nominated the Farmer wants to support it, and will do all in its power to elect it."

Nineteen Miles a Second

without a jar, shock or disturbance, is the awful speed of our earth through space. We wonder at such ease of nature's movement, and so do those who take Dr. King's New Life Pills. No gripping, no distress, just thorough work that brings good health and fine feeling. 25 cents at Gibson's drug store.

PASTOR RUSSELL'S ADIEU TO INDIA.

Found Large Hospitals For Deceit Animals.

Other Observations on India, but No Reference to Missions—Foreign Investigation Committee Will Report Findings in Hippodrome Upon its Return to New York.

PASTOR RUSSELL

Bombay, Feb. 25.—The Committee of the International Bible Students Association for the Investigation of Foreign Missions have spent three weeks in India and traveled over three thousand miles. The seven members divided the work amongst them at the various stopping points and will co-labor in the report. The committee will report its findings at a meeting to be held in the New York Hippodrome on March 31. A summary of today's discourse of Pastor Russell in the Y. M. C. A. Auditorium is as follows:—

I had a great interest in your land and its people before coming to your shores, but my interest has been greatly increased by what I have witnessed during the past three weeks in India—not only in your largest cities, but also in your towns, villages and agricultural districts. As there are no other extremes in the world so great as between the caps of your Himalaya mountains and the wash of your coral strands, 29,000 feet below them, so likewise there can be found no greater contrast socially and financially than between your wealthy princes and your poverty-stricken lower castes. Although such contrasts are deplorable we have no remedy to suggest, except the Divine one—the establishment of Messiah's Kingdom.

Generous Instincts of India's Wealthy. Although I have remarked of your hundreds of millions of hopelessly poor, I have not overlooked the fact that some of your wealthy have shown that they are not without generous instincts. Many of your merchant princes have evidently given largely to the charitable institutions, notably in Bombay, large animal hospitals having been provided for deceit chickens, donkeys, etc.

However we may consider such benefactions, in view of human need and suffering, we cannot overlook the fact that sympathy is there, only waiting for the proper direction, which Messiah's Kingdom will shortly give.

Our forefathers saw the height of God's love for the holy angels and its condescension to the saintly of men, but they did not see its depths. They did not see that the Redemption accomplished by Jesus is ultimately to reach down to and embrace the very humblest and most degraded of humankind, dead as well as alive. How the precious Scriptures which tell of Jesus as the Savior of the world, as well as of the Church, escaped our notice, who can explain?

But surely glad are we that now we can see clearly that the Redeemer is a Propitiation for our sins, the Church's sins, and not for ours only, but also for the sins of the whole world.

This fuller appreciation of the lengths and breadths and heights and depths of love Divine is coming to Christian people as a benediction from heaven. Just at the time when many are Higher-Critically repudiating the Bible and its God as unworthy of belief. The true view of God's Word we have intimated, namely, that all the families of the earth are to be blessed by Messiah's Kingdom, and that the Church, in process of election, is to be sharer with her Lord in that Kingdom.

"In the Ages to Come." The heights and depths and lengths and breadths of Divine love toward the elect Church, the Bride of Christ, will not be fully exhibited to angels and to men, even during the glorious period of Messiah's reign. Saint Paul explicitly declares, "that in the Ages to come He might show the exceeding riches of His grace in His kindness toward us through Christ Jesus." (Ephesians II, 6, 7.) Is it asked what opportunity there will be for further favors to be bestowed upon the Church at the conclusion of Messiah's reign?

If our astronomical concepts are correct, all the fixed stars are suns, and around each sun are planets. Are there, then, a thousand blazing suns? Yes, more! Are there ten thousand? Yes, more! Are there ten times ten thousand? Yes, more! Are there ten times a hundred thousand, a million? Yes, more! Are there ten times ten millions, a hundred millions? Yes, more! And if we allow an average of ten planets to each sun this would make more than a thousand million planets, all made not in vain, but eventually to be inhabited.

Alas! our poor minds are bewildered with such manifestations of Divine Power and Wisdom, even as we have already been bewildered in our attempt to appreciate the heights and depths of Divine Love. Will there not indeed, then, be quite a sufficiency of the Divine Program to be outworked through Christ and the Church to justify the Apostolic statement that in the Ages to come God will manifest the exceeding riches of His grace in His loving kindness toward us in Christ Jesus?

FORD

WHAT'S BEHIND IT?

What is it that is selling 75,000 Ford cars in 1912? What is behind this enormous demand? Is it not unusually clever advertising? NO! Ford advertising never attempts to be "clever"—never aims at the spectacular—never dallies with the English language—merely states the facts of the case so that he who runs may read, and, reading, stop running and buy a FORD. Yet that is not the big factor.

Is it unusually clever dealers? No! Ford dealers rank at the top—are all wide-awake, keen, obliging, proud of the car and the good name of the firm. But there are many clever dealers trying to sell other automobiles.

What Is It?

Nothing but this—the guarantee of accomplishment. What sells these 75,000 is the 100,000 Ford cars already in use (one out of every five on the street). Satisfied buyers are the backbone of the Ford success.

Ford Distributors and Branches in all the principal cities and towns in this country are at your service we maintain.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
