

FROM SUNSHINE LAND

Cottolene is a vegetable product—without an ounce of hog fat in it. It is made from the choicest cotton oil, extracted from the seed picked on the fields of the Sunny South. It is a product of Nature, and makes wholesome, digestible, healthful food.

Cottolene is made in a cleanly manner—from Cottonfield to Kitchen human hands never touch the oil from which Cottolene is made. It is the one high-grade, absolutely pure and perfect cooking fat—and far preferable from a health and economic standpoint to butter, lard or any other fat.

Cottolene is more economical than butter or lard because it goes one-third farther.

TO IMPROVE THE MORALS OF THE CITY

CARDS AND DICE TABO AND EVEN THE ODORIFEROUS CHEWING GUM IS TO BE ESCHEWED, UNLESS BOUGHT OUTRIGHT.

Discovering that citizens of the city were violating the gambling laws of the state by playing cards and shaking dice for the drinks and cigars, and that confectioners are breaking it by raffling off candy and chewing gum, Councilman Jones, chairman of the health and police committee has instructed Chief of Police Hamilton to rigidly enforce this law, and he is doing it to the letter. In practically every saloon and cigar store, card playing and the shaking of dice has been allowed for drinks and cigars time immemorial. An effort was made to stop it a year or so ago, but it was just a temporary affair, but this is now going to be permanent, according to reports. Just how long the confectioners have been following the iniquitous practice of raffling off candy and gum, cannot be learned, but that also comes within the purview of the gambling law and must be stopped. In brief, that law reads that "it shall be unlawful to conduct any kind of games for any article of value where an element of chance is involved," and candy and gum are articles of value, it seems.

Chief of Police Hamilton visited the saloons and cigar stores yesterday morning and ordered them to put an end to card playing and the shaking dice for cigars and drinks and other articles of value, and the dice box has been packed away and the packs of cards are used only now by the bartender to play solitaire. Subsequently he visited the confectioners and all the raffling cards have been withdrawn and any one desiring to buy candy for his best girl or a stick of gum, must now come through with the cold, hard cash.

A MAD COW HELD UP THE FAMILY

That a woman and four children were held at bay for almost three days by a maddened cow that had been bitten by a hydrophobia-stricken coyote is the story that accompanied the shipment of a coyote's head from East Oregon to the State Board of Health for examination yesterday. The cow died the third day, and the family was liberated.

Clyde Harris, of Enterprise, who shipped the coyote's head, writes that the four children were at play in the pasture when they noticed the peculiar actions of the family's pet cow. They ran to their mother and the cow pursued them. Mother and children rushed into their small cabin and locked themselves in, while the maddened cow continued its antics outside. For two days the cow remained just outside the door. It dropped dead the third day. One of the children then went to the home of Harlan and told him of the family's two-day siege. The coyote, the head of which was received yesterday, was killed within a few feet of a farm house.

"Clean Up the Bowels and Keep Them Clean"

There are many remedies to be had for constipation, but the difficulty is to procure one that acts without violence. A remedy that does not perform by force what should be accomplished by persuasion is Dr. Miles' Laxative Tablets. After using them, Mr. N. A. Waddell, 315 Washington St., Waco, Tex., says:

"Almost all my life I have been troubled with constipation and have tried many remedies, all of which seemed to cause pain without giving much relief. I finally tried Dr. Miles' Laxative Tablets and found them excellent. Their action is pleasant and mild, and their chocolate taste makes them easy to take. I am more than glad to recommend them."

"Clean up the bowels and keep them clean," is the advice of all physicians, because they realize the danger resulting from habitual constipation. Do not delay too long, but begin proper curative measures. Dr. Miles' Laxative Tablets are a new remedy for this old complaint, and a great improvement over the cathartics you have been using in the past. They taste like candy and work like a charm. A trial will convince you.

Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory after trial, return the box to your druggist and he will return your money. MILES MEDICAL CO., Elkhart, Ind.

Believes This will "Cure Lung Troubles"

Consumption is a sattering disease—that is one of its chief dangers. Those who have it are rarely willing to acknowledge the fact. If this trouble is present, it is no time for trifling. Don't waste time in argument. If a so-called "cure" or long period of rest, if a cough is present that keeps you anxious, or any of the symptoms are present, such as fever or night sweats, weakness and loss of appetite, and perhaps some raising of mucus—do the sensible thing: take Eckman's Alternative, as Mr. Bettersworth did.

Bowling Green, Ky., E. No. 4. "Gentlemen: I wish to say for your Alternative that I believe it to be a medicine of unequalled value for all Bronchial and Lung troubles.

"The Spring of 1908, I had a severe cough for six months. I tried all the medicine that my friends and doctors recommended to me, but no results came from the better. I had night sweats, and would cough and spit up every night until I got so weak I could hardly do anything. But at last, James Deering, of Glasgow Junction, insisted that I try your medicine, which I ordered at once and began taking the same. In one week's time there was quite an improvement in my condition, and after I had taken several bottles I felt as well as ever in my life. I never wrote any firm or company a letter recommending their medicine before, as there are so many fakes that a medicine of genuine quality does get credit or even tried.

"I desire the world to know that I firmly believe that your Eckman's Alternative will cure any case of lung trouble if taken before the last stage. I will gladly write personally to any party wanting information in regard to your wonderful medicine." (Signed) A. C. BETTERS WORTH.

Eckman's Alternative is effective in Rheumatism, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisonous opiates or habit-forming drugs. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists and J. C. Perry.

OF THE MAKING OF BREAD
Like that of books there is no end. You would think so anyway if you could see the rack after rack that comes from our ovens, and we bake more every day. The reason? Well, there are lots of them. The best and most satisfactory way to learn them is to try the bread. Just try it—that's all.
