PASTOR RUSSELL AROUND THE WORLD

Chairman of Investigating Committee of Seven.

Visit to Heathen Lands is Not in the Hope of Converting Them—Heathens Have More Than Doubled in Last Century—Kingdom Must Be Established Before Every Knee Will Bow.

Brooklyn, December 3.—The public was not made aware of Pastor Russell's presence in our city today. No notices were given out because the Academy of Music was not obtainable, and the Tabernacle would not accommodate the crowds. As it was, however, the Tabernacle was crowded. The afternoon text was, "The harvest is past, the summer is ended, and we are not saved."—Jeremiah viii, 20.

The Pastor seemed specially to enjoy the semi-privacy of this meeting with the Tabernacle congregation. As is generally known he is about to start on a tour of the world in company with a committee of six gentlemen of affairs, of which he is the chosen Chairman. The committee was appointed some months ago by the International Bible Students Association to visit heathen lands and investigate conditions there and report to the Association and to the public their findings along the following lines:

- The Committee's Instructions.**
- (1) Are the foreign Missions being conducted along Christian business lines?
 - (2) To what extent are the methods used successful in reaching the heathen peoples and in bringing them to Christianity?
 - (3) What are the teachings, what the inducements to accept Christianity and how enduring are the results?
 - (4) What is the attitude of heathendom toward the Missionaries and toward Christianity and what are the prospects for Foreign Missions becoming self-sustaining?
 - (5) What, if any, changes should be made in teaching or in financial administration to make the foreign missionary work more successful in future?
 - (6) What hope is there for the conversion of the world in this generation as proposed by the Layman's Missionary Movement with its thirty-million-dollar endowment?
 - (7) To what extent do the monies donated benefit the heathen and could any improvement along this line be suggested?

Only the Church Harvested. The Pastor said, "The harvest is past, the summer is ended, and we are not saved."—Jeremiah viii, 20.

What he does expect is that as there are a few of God's "very elect" in all denominations of Christendom now to be garnered, so also there are a few saintly ones amongst the heathen who have accepted Christ—including some of the missionaries. The Harvest must cover as wide an area as did the sowing of the Gospel seed.

The Foolish Virgins Not Lost. The text points out a lesson. Not all who have professed to be followers of Christ will be amongst the blessed ones of the Harvest and be transported to glory.

Among them Pastor said, is one which pictures the consecrated saints of God in this harvest time as virgins. But some were wise and some foolish—all virgins, however. The masses of mankind—yes, the masses of Christendom, are omitted from this parabolic picture. Only the virgin class is dealt with at all, and it is divided into two parts. Only the wise, the faithful, "more than door. No more will ever be added to the Bride company—the number of the

had before. But it will then be too late to be of the Bride company. They will knock saying, "Lord, Lord open unto us;" but the Bridegroom will declare, I do not recognize you as members of My Bride.

Wash the Blood

Aching and enfeebled muscles should remind you of slowness of tissue repair. Eruptions of the skin and catarrh of the mucous membranes show diminished nerve power in the tissues.

In health or disease there is need of an internal bath. This is best obtained by drinking a glass of pure water with one or two teaspoonfuls of SAN-JAK thirty to sixty minutes before breakfast, washing the blood. This passes quickly from the stomach and stimulates the bowels to increased peristalsis, overcoming constipation and its attendant ills. It is quickly absorbed and entering the blood stream bathes the cells of the liver and heart, then passes to the brain and washes out the cobwebs and awakens to new life every cell in the body.

SAN-JAK dilutes theropy secretions and dissolves all abnormal crystalline substances that may be in the blood and urine. SAN-JAK greatly promotes elimination, creates downward peristalsis, stimulates a flow of digestive juices. It dissolves the sticky mucous in the mouth and throat, allowing the membranes to be bathed in their natural secretions. SAN-JAK is the great medium of exchange in the body, by enabling the kidneys to absorb and eliminate alkaline sulphates which are the products of intestinal decomposition and in renal weakness or the real cause of Bright's disease.

Man does not wear out like a piece of machinery by constant disintegration for he is self renewing. When he loses his ability to self renew or falls in process of making young blood, the nerve tissue is not sufficiently nourished and his strength and health fail.

SAN-JAK is the only medicine which will enable you to keep a perfect balance between the elimination and renewal of the body. Decay of the body at any time of life is unnatural. Permanent waste of the system can be avoided by the use of SAN-JAK.

Rheumatism, catarrh and bladder trouble, the source of trouble to humanity, is due to a too high or low specific gravity which may be regulated to normal by taking San-Jak. Swelling under the eyes, grayish white or waxy color of the skin denote granular disease of the kidneys. The cure is San-Jak.

LOOK OUT FOR THE CARS

DO YOU know of anyone who is old enough to read, who has not seen that sign at a railroad crossing?

If everyone has seen it at some time or other, then why doesn't the railroad let the sign rot away? Why does the railroad company continue to keep those signs at every crossing?

Maybe you think, Mr. Merchant, "Most everybody knows my store, I don't have to advertise."

Your store and your goods need more advertising than the railroads need do to warn people to "Look Out for the Cars."

Nothing is ever completed in the advertising world.

The Department Stores are a very good example—the are continually advertising—and they are continually doing a good business.

If it pays to run a few ads round about Christmas time, it certainly will pay you to run advertisements about all the time.
