## PASTOR RUSSELL SPEAKS HERE ON FRIDAY

PASTOR RUSSELL.

Pastor Russell, author and lecturer, president of the International Bible Students' association and pastor of the New York City Temple congregation, will deliver a lecture next Friday at 7:30 p. m. at the Gennett theatre, his topic being, "The Battle of Armageddon." The Brooklyn pastor comes at the invitation of the Associated Bible Students of this city.

Pastor Russell's recent utterances have attracted attention because during the past forty years he has frequently expressed the conviction that a time of unprecedented trouble was impending. The time set by this Bible scholar was the autumn of last year. Since the outbreak of hostilities he has been delivering lectures specially relating to the war and Bible prophecies respecting its outcome. His address here next Friday is one of these.

The present conflict is the prelude to a greater struggle, according to Pastor Russell. He believes the following conflict will be the results of poverty occasioned by the war and the discontent these will cause, finally leading to social revolution and anarchy.

This succeeding conflict, the pastor declares, is clearly marked in Bible prophecy and termed "The Battle of Armageddon," and described by Christ as "a time of trouble such as was not since there was a nation." This final trouble, the preaching believes, will usher in the long-promised reign of "peace on earth and good will among men."

Pastor Russell is an independent re-

## GENTLE RUBBING HELPS VARICOSE VEINS

Rubbing the swollen veins nightly for about two minutes with a gentle upward stroke brings benefit to sufferers and is mighty good advice, says an authority.

After the rubbing, which should always be toward the heart, because the blood in the veins flows that way, apply Emerald Oil (full strength) with brush or hand.

This simple home treatment for a few days and improvement will be noticed, then continue until veins are reduced to normal. It is very concentrated and penetrating and can be obtained at any modern drug store. It is so powerful that it also reduces Goitre and Wena.

H. Filhe has Emerald Oil in the original bottle and will be glad to supply it.—adv.

## WHEAT PRICE REFLECTS WEATHER CONDITION

CHICAGO, Jan. 18.—Continued cold weather in the Canadian northwest and high foreign cables were the main features at the opening of the board of trade today. Wheat was 1/2 to 3/4 higher over yesterday's close. The trade in this commodity was small. Corn was 1/4 cents higher to 1/2 lower. Zero weather in the corn belt was a factor in the slight advance. There was a big general trade in oats and it opened 1/2 cents higher. Provisions were somewhat higher.

New high prices were established for wheat today. There was a sensational market in this grain with the bulls in complete control, with closing for the May future 3 cents higher and at the top prices of the day. The July future gained 3/4 cents and that month rested within 1/2 of the best level.

Corn closed 1/4% cts higher and oats were up 1/4 at 1 1/4 cents.
