

RUMANIANS DRIVE GERMAN ARMY BACK

Continue Pursuit of Enemy Capturing More Than 600 Men, Is Report.

FRENCH BREAK LINE

Go Through German Partitions After Hard Battle on the Somme.

BUCHAREST, Nov. 2.—(Via London, 2:21 p. m.)—The Rumanians have driven back further the Austro-German forces in the Jiu region of the Transylvanian front, and are continuing the pursuit, the war office announced today. They have captured more than six hundred men and a great quantity of material.

A wireless message from Bucharest this afternoon declares that the advance of the Austro-German forces on the southern Transylvanian front has been arrested, while in the Carpathians along the Moldavian frontier the situation is excellent and the conviction is firm that the Teutonic forces will not get through.

French Victorious.

Hard fighting is again taking place on the Somme front in France between the entente allies and the Germans. Since the British and French near Courcellette and on the Les Boeufs-Guedecourt front and to the south have been attacking violently with the Germans tenaciously holding them back except to the east of Les Boeufs, where combined entente forces have gained some ground and to the west of Les Poitiers, in the St. Pierre Vaast wood and near Sully-Sablise, where the men of General Foch took additional German trenches. Between Le Sarx and Guedecourt and in the vicinity of the Schwaben redoubt the Germans are heavily bombarding British positions.

Slavs on Offensive.

Again the Rumanians have assumed the offensive in Galicia along the Narayuvka river and in the Michousovka. Berlin records the repulse of five heavy attacks in the former district and Petrograd admits that the Russians in the latter zone have been pressed back by superior Teutonic forces.

A recount was demanded by Whitaker and this gave him 244 votes to Pierce's 236. DEPUTY MARSHALS IN CLEANUP RAID

Alleged Dives in Sapulpa Are Visited by W. N. Ellis and Assistants Yesterday.

In all 1,500 half pints and 500 quarts of whiskey and 25 gallons of ale, ten gallons of whiskey in kegs, 35 quarts of wine and 26 quarts of gin were discovered. The local officers were tipped off to the drinking tavern by Tom Huppard, a resident of Sapulpa, and who later joined the party, consisting of John Moran and W. N. Ellis and two deputies, and raided the place.

The men discovered the opening to the cellar under a bureau in one of the bedrooms and let themselves down this hole, which was about two feet square. The flashlight revealed glistening bottles of whiskey and beer piled up like bricks on all sides. Here and there a keg was resting. For the next three-quarters of an hour they passed out the illegal drinking liquor and loaded it on the car.

Grape-Nuts Flavor

Grape-Nuts food is probably the most appetizing form in which honest whole wheat is utilized as food.

But to whole wheat is added malted barley in making Grape-Nuts, and the sense of taste quickens at once when a spoonful of the food is eaten with cream. For the barley has a rich, individual taste which, blended with the sweetness of wheat, creates a rare flavor recognized by the palate as unusually new and delicious.

Aside from its wonderfully vitalizing value as a food, Grape-Nuts has a flavor that has made it a favorite everywhere.
