RADIUM IS FOUND IN AMERICAN ORE

Bureau of Mines Discovers Biggest Part of World Supply Is From U. S.

Washington, May 4.—The United States Bureau of Mines has made the discovery that more than two-thirds of the radium supply of the world is being made in Europe from American ores, shipped abroad thru the foresight of foreign scientists. Radium is purchasable at a price equivalent to \$2,250,000 an ounce, and although it is shown the United States has the greatest known supply of radium-bearing ores in the world, not one gram has been produced here.

"The United States to-day is in the humiliating position of being forced to purchase at extravagant prices from abroad such radium as its hospitals and physicians can afford for experimental purposes, while we have been supplying the ores from which it is made," said Charles L. Parsons, chief of the division of mineral technology of the bureau.

"We have had Europe's prices for what we could get in order to investigate the wonderful properties of radium and their possible application to the eradication of disease, and have been greatly hampered in our work by the almost prohibitive prices at which the radium has been held."

"Several months ago rumors reached the Bureau of Mines that in Colorado there had been an increased demand for carnotite, the radium-carrying ore, and that this ore was being shipped abroad in considerable quantity. It was also reported that the Europeans were insisting upon only the highest grades of these ores and that a great amount of lower grade ores was practically being wasted."

"R. H. Moore and K. L. Kithil, in charge of the Denver (Colo.) laboratory of the bureau, were requested to investigate, and they reached the conclusion that while all the radium placed upon the market in the last few years had been produced in Europe, a large portion of this had come from American ores."

"Radium institutes have been established in Austria, France, Germany and England, and a European science and industry have been developed from American ores. The Austrian Government, realizing the untold possibilities of the radium ores at St. Joachimsthal, purchased the mines, put them under direct government supervision and has an arrangement with the Vienna Academy of Science whereby the ore is worked up into radium."

"On the other hand, the United States has allowed her much greater resources to be exploited by foreigners on a basis which wastes perhaps irretrievably a large portion of the ore mined and has exported carefully selected ores at a price by no

means commensurate with its radium value.

Pitchblende, the richest of all radium-bearing minerals, has been found in small quantities in Connecticut and in the field-spar quarries of North Carolina. Practically the total American output has come from the mines in Quartz Hill, Gilpin County, Colo.

Practically every ton of carnotite mined in 1912 went abroad, and, as the American deposits are far from being inexhaustible, we are rapidly depleting our own reserve and are shipping from this country material of great value and of unknown possibilities, which can not be replaced.

CASTORIA For Infants and Children.

The Kind You Have Always Bought

Flaged Train With Shirt.
Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50 cents at all druggists.

Woman Finally Recovers From Nervous Breakdown

Impoverished nerves destroy many people before their time. Often before a sufferer realizes what the trouble is, he is on the verge of a complete nervous breakdown. It is of the utmost importance to keep your nervous system in good condition, as the nerves are the source of all bodily power. Mrs. Anna Kounz, 211 Mechanic St., Pueblo, Colo., says:

"For many years I suffered from nervous prostration; I was unable to do any house work and doctors failed to help me. Remedies I tried from druggists did not do me a particle of good. A neighbor told my husband about

Dr. Miles' Nervine
and he procured a bottle. After the first few doses I showed a marked improvement and after taking two bottles I was entirely cured. I have been perfectly well for years and cannot praise Dr. Miles' Nervine too highly."

If you are troubled with loss of appetite, poor digestion, weakness, inability to sleep; if you are in a general run down condition and unable to bear your part of the daily grind of life, you need something to strengthen your nerves. You may not realize what is the matter with you, but that is no reason why you should delay treatment.

Dr. Miles' Nervine
has proven its value in nervous disorders for thirty years, and merits a trial, no matter how many other remedies have failed to help you. Sold by all druggists. If first bottle fails to benefit your money is returned. **MILES' MEDICAL CO., Elkhart, Ind.**

PENTECOST NOT GREAT JUBILEE

Still Greater Blessings Are Coming, Says Pastor Russell.

What the Day of Pentecost Signified. It Was but a Foretaste of a Greater One to Come—Why It Came When It Did—Why the Greater Blessing Will Come and When—Are There Signs That It Is Near?—Times of Refreshing—Times of Restitution—"I Will Pour Out My Spirit Upon All Flesh."

PASTOR RUSSELL

Boston, Mass., May 11.—Pastor Russell gave two addresses here under the auspices of the International Bible Students Association. We report one of these, from the text: "Upon the servants and upon the handmaids in those days will I pour out My Spirit. After this I will pour out My Spirit upon all flesh."—Joel 2:28, 29.

The Pastor called attention to the fact that he had transposed the parts of this text, to make their true meaning more apparent. He declared that the Prophet unquestionably taught two pourings of the Holy Spirit, only one of which had yet come—that upon God's faithful servants and handmaidens. The second is to be upon all flesh.

Prior to Pentecost, the Pastor said, no one except Jesus had received spirit-beggetting—the Holy Spirit of sonship. God had held all humanity at a distance from Himself, declaring that He could not accept them as sons until their sins had been atoned for. This condition of alienation from God had continued for more than four thousand years before Jesus came. Adam was called a son of God, but after him none was so styled until Jesus.

After Jesus had received the Holy Spirit at baptism, He spoke of Himself as the Son of God. Of His disciples we read, "The Holy Spirit was not yet given; because that Jesus was not yet glorified." (John 7:39) Before leaving them, Jesus admonished them to tarry at Jerusalem until endued with power from on High.

When Pentecost Was Fully Come. For ten days the disciples tarried, praying in the upper room, and waiting for the promised demonstration of Divine acceptance. This would indicate that Jesus had appeared in the presence of God, and that the Father had accepted Jesus' sacrifice as a satisfaction for their sins, and by the begetting of the Holy Spirit recognized them as sons. The sonship to which Jesus and the Church have been begotten during this Gospel Age is to the Divine nature, as St. Peter explains—2 Peter 1:4.

The Pentecostal blessing, therefore, was a double attestation. It proved that Jesus as the great Redeemer had accomplished the work which the Father gave Him to do. It also proved that those who had received the Spirit were accepted as sons of God, original sin having been cancelled through the merit of Christ's sacrifice. And although the miraculous manifestations of God's favor have not been repeated during this Age, yet we know that all of the same class are sharers, participants in the same blessing—the same acceptance of the Father. "The God and Father of our Lord Jesus Christ, which according to His abundant Mercy hath begotten us again."—1 Peter 1:3.

Our faith has its sure footing in that original Pentecostal manifestation. Because the Church is one Body, although composed of many members, no repetition of Pentecost has been necessary. As soon as we by consecration come into the one Body, we are sharers in all blessings belonging to that Body, the start of which came on the memorable Pentecost Day. On this basis, the gathering of the Church has progressed for nearly nineteen hundred years. Soon, we believe, it will be completed. The last member having proved faithful and passed beyond the veil, the Body thenceforth will be complete in glory—united to the Head.

The Greater Jubilee. To the Church, Pentecost represents liberation from the thralldom of sin and death, as well as introduction into the family of God. Thus it signifies the beginning of all the blessings which the people of God have known. These are expressed in various spiritual terms as the fruits of the Spirit, fellowship with God and our Lord.

The Pastor explained that those wonderful blessings are not complete. The resurrection change from imperfections in the flesh to perfection on the spirit plane will be the consummation of the Church's hopes. Although near, this has not yet been attained.

God purposely deferred the secondary outpouring of His Holy Spirit—that upon the world—"all flesh," until the establishment of His Kingdom. That will be a great Jubilee. In Israel's experiences, every fiftieth year was a Jubilee. Every Israelite was set free from bondage, and from debts of every kind, and had a fresh start. God thus pictured how during Messiah's glorious reign as Mediator of the New Covenant, God will, on account of Jesus' sacrifice, cancel the sins of the whole world, and grant a release from all weaknesses, and assistance back to the fulness of Divine favor. What a Jubilee that will be!

England Warns the Suffragettes.

After the raid on the militant suffragette headquarters in London, Tuesday, and the arrest of the women connected with the movement, the prosecutor for the government, Archibald Bodkin, made formal explanation of that proceeding which he said had been taken to end "a state of affairs which has become dangerous to the civilized portion of the community in the British Isles." He warned all aiders and abettors of the militants "that if any person makes a speech in encouragement of this cause, proceedings will be taken against the speaker," also, if any printer prints or circulates matter from the women's union he would be prosecuted. This last was aimed at the weekly organ of the suffragettes, called the Suffragette, the office of which was raided and which was suppressed. Mrs. Pankhurst was barricaded in her house by militant followers when the day came for her to return to prison, but the authorities decided that she was not yet well enough to undergo the imprisonment. Her ticket of leave was extended indefinitely.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, Ohio.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c. per bottle. Sold by all Druggists. Take Hall's Family Pills for constipation.

Age Pension Bill Put In.

Washington, May 13.—The Progressives' old age pension bill to provide \$1 to \$4 a week for all those more than 65 years whose incomes are under \$10 a week was introduced to-day by Representative Kelly of Pennsylvania.

His plan would pension those with incomes of less than \$6 a week at \$4 a week; incomes of from \$6 to \$7, at \$3; between \$7 and \$8, \$2 a week, and from \$8 to \$9, \$1 a week.

The bill would disqualify all criminals, lunatics and inmates of almshouses and all men more than 65 years old who for any extended period have failed to earn according to their ability.

Now is the time to get rid of your rheumatism. You can do it by applying Chamberlain's Liniment and massaging the parts freely at each application. For sale by all dealers.

"Industrial cowards."

Rightly the Southern cotton mill men resented the insulting assertion of Secretary Redfield that in asking for Tariff Protection they are "industrial cowards." It should be resented by every manufacturer in this country who is paying twice to three times the European wage scale and ten to twenty times the Oriental wage scale. Almost wholly because of his contention that no Protection whatsoever is needed to enable American labor and industry to compete successfully with the rest of the world, Redfield was taken into the cabinet. Being, himself, a manufacturer in a line of production not dependent upon Tariff Protection, he has assumed to speak for all lines of industry. What he does not know about the need of Protection in industries other than his own would fill a large volume. But he talked to suit President Wilson. That made him desirable as a cabinet member. Ignorance concerning the Tariff and its operative effects seems to be a high qualification in Washington just now.

Strange Doings of Hens.

London, May 5.—Remarkable developments in the poultry world seem to suggest that the masculine tendencies of some women have now spread to hens.

A well-known Sussex breeder, of Hailsham, possesses a two-and-one-half-year old speckled Sussex hen which at the end of her first year was in appearance a hen, laid a quantity of eggs, and reared abroad of chickens. Last year she did not lay but moulted into a cock's plumage, with the exception of the headgear, which is normally a pullet's.

A Partridge Wyandotte hen has been presented to the Natural His-

Bronchiline

A safe, pleasant remedy for Coughs, Colds, and all Bronchial affections. It relieves congestion and soothes without containing anything in the nature of an opiate. Has been in use for more than twenty years, and in that time, has been used and endorsed by leading Physicians in all sections of the United States. BRONCHILINE is the ideal expectorant. We are not asking you to experiment with some new remedy. Call for BRONCHILINE and take no substitute. A trial will convince you that BRONCHILINE is the best. Keep a bottle in your home—two sizes 25 and 50 cents.
