The preparation of the films used in the exhibitions has involved a considerable expense and activities conducted in all parts of the world. The cameras have been carried into the Holy Land, and there on the Mount of

The World's Favorite Beverage

Beer is absolutely pure, being entirely free from disease laden germs so frequently found in milk and water. It is the one beverage that cannot be adulterated or tampered with from the time it leaves the manufacturer until it reaches the consumer.

Beer acts as a tonic, and, for this reason, has received the hearty endorsement of leading medical and scientific authorities the world over.

Eminent ecclesiastical authorities have long recognized beer as an important factor in the world's campaign for temperance, and have not hesitated to recommend its use in moderation.

Fine Work on Billiard Cues.

Billiard cues are made of ash, with usually a lighter wood at the handle. A good cue should balance if a man's center be placed under the middle of it, and as it tapers the butt must be of lighter wood than the shaft. But there is a vast amount of individuality in cues. The making of leather billiard cue tips has been an industry of a particular class of French peasants time out of mind.

Superstitions of Miners.

As a man of perilous occupation, the miner has many superstitions. One widespread belief is that to introduce a rabbit into a mine is to court disaster, and many stories are current of catastrophes heralded by the appearance of a white rabbit to the men who were bound to die. He would be a bold miner, too, who would whistle at work for whistling is a direct invitation to disaster, and though miners are cleanly folk, very few ever wash the soles of their feet, lest the roof should fall on them.

Underestimated.

A lonely highbrow who can say anything he wants to because nobody knows how to disagree it, declares the rigidity of the earth is about that of steel. Those who have sat down on said earth unexpectedly when it (the earth) was frozen, believe the professor a dingbusted old optimist.

Makes Healthy Bowels

THIS simple rule of health is daily called attention to by every doctor in the land, whose first question to the patient almost invariably is, "Are your bowels regular?" Yet there's not one person in fifty who takes proper care of the bowels. And the result of this foolish neglect is nine-tenths of all ill-health.

If today you are unable to free your body of waste matter at the usual time, or if the act causes straining, pains and discomfort, don't let that condition occur again tomorrow. Unless your bowels can carry away the waste materials left after food is digested, decay sets in, the poisons of which, taken up by the blood, increase the risk of Typhoid Fever, Appendicitis, and many other serious diseases.

In treating constipation, there is a right way and a wrong way. The wrong way is to take harsh purgatives which even though they do clear the bowels, cause griping and nausea, injure the delicate tissues, and so disturb the normal functions as to cause the return of constipation. The right way is to help Nature to produce natural movement, without pain or discomfort, by using

Rexall Orderlies

More Than One Hundred Million Were Sold Last Year

This enormous quantity was used with good results by busy men who suffered from constipation, due to lack of exercise, or indigestion caused by overwork—by children whose parents realize the harmful effect of common purgatives—by old people whose systems cannot stand anything harsh—by women during pregnancy, and after childbirth, when any medicine with a violent action would be particularly dangerous. Many of these people are your neighbors and friends. Ask anyone who has ever used them—they'll tell you Rexall Orderlies satisfied and helped them.

—a gentle laxative in the form of a chocolate-tasting tablet. One of these tablets eaten just before going to bed will help to restore your bowels to normal activity at a time when, your body being at rest, the medicine can do its best work. As a result of taking that tablet (or say two, if your case is obstinate), your bowels will move easily and naturally in the morning. The use of Rexall Orderlies for a few days afterward will restore normal regularity. Even chronic constipation is benefited by them, and it is not necessary to continue the treatment for a long time, because, instead of driving Nature, they simply help her to help herself.
