RURAL TEACHERS BODY OF TRAMPS

Dr. Claxton Says They Change Districts Too Often.
RESULTS IN POOR TEACHING

Problem Must Be Solved if Real Strong Work is to Be Done in Country Districts—Is Hurting Children's Chances Just a Question or Two.

In a recent address at Louisville, Ky., Dr. P. P. Claxton, commissioner of education for the United States, stated that the rural teachers constituted the greatest body of tramps known. Over 50 per cent of them move to a new district each school year.

Don't take Dr. Claxton's word for it. Think of all the rural districts you know and see how close his assertion comes to fitting your own and your neighbor's situation on the teacher question. The main reason for so much poor teaching in the country districts is that the teacher does not stay long enough in any one locality to know either the children or their parents. If it is as difficult as it is for you to manage your child after having it with you every day during its whole life, how can the average teacher do even creditable work when she absolutely does not know your children? She merely has got a nodding acquaintance with them; she can call them by name.

This is every man's problem as well as the teacher's problem. It must be solved if we are to have real strong work done. What will you do with it? It is what is hurting your child's chance for an education that is worth while. **GET BUSY.**

Just a Question or Two.
IS YOUR SCHOOLHOUSE AS UP TO DATE AS YOUR NEW DAIRY BARN?

IS THE INTERIOR OF YOUR SCHOOL AS MODERN AS THAT NEW SILO?
IS YOUR TEACHER AS COMPETENT AS THAT TRAINER FOR YOUR COLTS?
IS THE SCHOOL AS WELL PAINTED AS YOUR CHURCH?
IS THE WATER AT THE SCHOOL AS CONVENIENT AND AS GOOD AS IT IS FOR THOSE YOUNG STEERS?
IS THE SCHOOLYARD AS BIG AS THE PASTURE WHERE YOU EXERCISE YOUR COLTS?
IS THE STOVE IN THE SCHOOL AS MODERN AS YOUR WIFE'S GASOLINE RANGE?

Aim high in your farm work. Shoot at the moon if you wish. Of course you will not hit the moon, but the chances are that you will scatter a lot of bird shot somewhere along the sky line.—Colonel Henry Exall, Texas Industrial Congress.

Do We Think For Ourselves?
Queer how many things in our life are inherited from the past and are accepted without a thought. We are afraid of storms, the dark and a thousand and one other things because our ancestors, who knew nothing of science, feared them.

We went to school and did our tasks in the good old fashioned way because that was the way our parents got their education. In thousands of schools scattered all over this enlightened country we are inflicting the same thing upon our children because of our habit of thought. Isn't it time for us to begin to view the child as something more than a receptacle for the three R's? Isn't school something bigger and better than we are trying to make the average country school? Doesn't real, pulsing life demand more, infinitely more, than it did 100 years ago? Doesn't life exist in the fields where crops are growing? Doesn't a problem exist except between the covers of a book? Is the geography of Africa as vital or as full of meaning as the brook that tumbles over rocks and mossy roots 100 yards from the schoolhouse door? Does any one really believe that the lock step studies without a break mean an education in its best and broadest sense?

No problem is solved in this little chat. Only a few questions are asked that most of us growups don't think about. Put yourself in your child's place for a moment and see if your school building, the studies and the viewpoint are in step with all the advances that the world has made in the other activities of our varied life.

Health of the Child in School.
Do you eat breakfast every day? Do you drink coffee or tea? Do you have your bedroom window open or shut at night? Do you own a toothbrush? These and other pertinent questions are to be answered by the children in the public schools of Minnesota. They form part of a "health grading outline" prepared by Dr. Ernest B. Hoag, special director of school hygiene for the state, whereby teachers and school nurses may learn in the most direct manner possible the physical condition of the children entrusted to their care. "Rational conservation of the mental and physical health of our school children" is the ultimate ideal of this and other current health projects reported to the United States bureau of education.

RESTITUTION IN PEARL OF ANTILLES

Pastor Russell Returning From Panama Preaches In Havana.

Modern Application of a Familiar Text. What the Bible Means by "Restitution Times"—The Pastor Claims Each "Time" a Year, a Thousand Altogether and a Beginning Made—Earth's Happy Day Nearing—A Little While, a Dark Hour May Intervene.

Havana, Cuba, March 2.—Pastor Russell is delighted with Cuba, and does not fail to call attention to the wide contrast between prevalent sanitary conditions and those of a short time ago, when this fair land suffered continually from yellow fever and other tropical ailments. The Pastor referred to General Wood as the one through whose energy and skill Cuba's restitution and rejuvenation came about. "Honor to whom honor is due" appears to be one of Pastor Russell's mottoes. The text was Acts 3:19-21: "Times of Restitution of all things, which God hath spoken by the mouth of all His Holy Prophets since the world began." He said:—

In Panama a week ago I saw one of the stupendous works of man in subduing the earth and making it suitable to his purposes. How wisely God has left the subduing of the earth to man! A blessing must come to humanity from mastering nature. I testified respecting the increased education of mankind through modern inventions, which speak to us of the dawning of the New Era long foretold in the Bible. Today I point you to man's increasing skill along other lines. The laws of health are better understood than ever before. The laws of chemistry, applicable to nearly everything in life, are marvelously clear and greatly extended beyond anything of previous times. This increased knowledge lies close to the work of sanitation, so widely approved. The sudden influx of knowledge is a sign of the dawning of the New Day—Restitution.

Millennial Work in Cuba.
The Pastor urged his congregation to consider the wonderful transformation in their fair island an exemplification of the great work to prevail worldwide shortly. It properly raises our estimation of human intelligence, and of the beneficence of the United States Government, whose agent in this transforming work was General Wood. What has taken place so markedly in Cuba is gradually being accomplished all over the world.

The Scriptures everywhere associate the glorious work of human uplift with Messiah's Kingdom. Perhaps many have expected the blessing to come in another way; nevertheless, all should see the facts and acknowledge prophetic fulfillments. Instead of being disappointed that God is using humanity for the fulfillment of His glorious promises, let us rejoice that mankind may be so wonderfully used.

Best of All—Human Restitution.
As man fell from the image and likeness of God, Restitution to him means a return to that image and likeness. Of all the Restitution wonders, this will be the grandest. Were "every prospect pleasing," and humanity vile, sinful, imperfect—mentally, morally and physically—the curse would still rest on the earth. The lifting of some of man's ignorance and superstition is by no means a realization of what is to be expected. If a taste of Divine favor and goodness be so refreshing, what will the full draft be?

This message is meaningless to believers in human evolution. Disbelieving in man's fall from the Divine image in the flesh, these must logically deny also the Redemption, and all necessity for a Savior to die for our sins. Surely they cannot count it sin to experience evolution, as they claim; and if sin has not been committed, there could be neither Redemption from sin nor Restitution to a former condition.

All such theories, therefore, are unscriptural. For this reason they are antagonistic to the Bible view: that man fell from God's image six thousand years ago; that he has passed through six great Days in which there has been a reign of sin and death, induced by Satan, and still influenced by him. Under this reign, man has lost much of the Divine image, and has become more or less brutal.

Restitution was not due when Jesus gave His life as man's Redemption-price; but it is due now, for we are living in the dawn of the great Seventh Thousand-Year Day. Messiah's first work as the great King is about to be inaugurated. He is about to blind Satan—"that old serpent, the Devil." He is about to bless humanity by rolling away the curse of death.

Nothing of human Restitution is possible, however, until after the completion of the Church. So particular is this feature of God's Plan that nearly two thousand years have been devoted to it, whereas only one thousand is assigned for the uplift of mankind. God is selecting a saintly class to be His children on the highest plane of existence. These are required to be exceptional characters, and to attest their faithfulness and devotion unto death.

HAPPY TWO MARRIED?

There are unhappy married lives, but a large percentage of these unhappy homes are due to the illness of the wife, mother or daughter. The feelings of sorrow, the befogged mind, the fit-temper, the pale and wrinkled face, hollow and circled eyes, result most often from those disorders peculiar to women. For the woman to be happy and good-looking she must naturally have good health. Dragging-down feelings, hysteria, but-lashes or constantly returning pains and woes—are too great a drain upon a woman's vitality and strength. Dr. Pierce's Favorite Prescription restores weak and sick women to sound health by regulating and correcting the local disorders which are generally responsible for the above distressing symptoms.

"I suffered greatly for a number of years and for the past three years was so bad that I was a misery to me," writes Mrs. R. P. Duggan, of Ulen, Ohio, Route 4. "The doctors told me I would have to go to hospital as soon as I could ever be better. A year ago this winter my condition was worse than ever before. At each period I suffered the same in torment. I am the mother of six children. I was so bad for five months that I never something must be done, so I wrote to Dr. R. V. Pierce, telling him as nearly as I could how I suffered. He sent me a course of treatment which I followed to the letter. I took two bottles of 'Favorite Prescription' and one of 'Woman's Friend' and a little later, by the use of 'Dietetic Food,' and have now suffered such relief, which I could not describe, as to feel that I would never want a second attack of the kind. There is no end to my gratitude and my desire to thank you for what you have done for me."

The Medical Adviser, R. V. Pierce, M. D., Buffalo, N. Y., answers hosts of delicate questions about which every woman should be made to know. Send for a receipt of 4 stamps to pay for wrapping and mailing only.

Don't Suffer!

"I had been troubled, a little, for nearly 7 years," writes Mrs. L. Fincher, in a letter from Peavy, Ala., "but I was not taken down, until March, when I went to bed and had to have a doctor. He did all he could for me, but I got no better. I hurt all over, and I could not rest. At last, I tried Cardui, and soon I began to improve. Now I am in very good health, and able to do all my housework."

TAKE The CARDUI Woman's Tonic

You may wonder why Cardui is so successful, after other remedies have failed. The answer is that Cardui is successful, because it is composed of scientific ingredients, that act curatively on the womanly system. It is a medicine for women, and for women only. It builds, strengthens, and restores weak and ailing women, to health and happiness.

If you suffer like Mrs. Fincher did, take Cardui. It will surely do for you, what it did for her. At all druggists.
