

Big World Series Base Ball Facts and Figures

New York, Oct. 2.—Every world's series creates its hero. Some member of the New York Giants or the Red Sox now only moderately known to baseball fame is destined as a result of the big battle which begins next Tuesday at the Polo Grounds, this city.

Whichever player of the two teams makes himself responsible for the triumph of his club will be photographed and interviewed, will have profers of marriage and theatrical engagements a legion, will be besought to write books and magazine articles, and will have thrust at him a hundred ways to make money, provided he is willing to give part of the winnings to the clever deviser of the scheme.

The wall of the ticket scalper is rising to the skies. The plan of handling the world's series in New York just like any series of ordinary games has put over 18,000 seats beyond the reach of the speculators. The Polo Grounds has a capacity of something like 28,000. That is to say, that many fans can be seated within the enclosure. Out of this number of seats but a trifle over 8,000 will be reserved, and the bulk of these will be disposed of at a public sale where every one who stands in line will have an equal chance. All the other seats will be sold one by one and the purchaser must enter the park as he buys his ticket, and if he chooses to go out he can get no return check.

The entire management of the series this year will be under the direct supervision of John Heydler, who has been designated by the commission as its representative and given absolute power to approve or veto any measure taken by the clubs. This is in itself an absolute guarantee to the fans that the entire affair will be conducted in the best possible manner in every imaginable way. Mr. Heydler, who is the secretary of the National League, is a man whose integrity and ability are both absolutely beyond question.

Facts About the Coming Series

The dates for the games will be as follows: First game, Oct. 8, in New York; second game, Oct. 9, in Boston; third game, Oct. 10, in New York; fourth game, Oct. 11 in Boston; fifth game, Oct. 12 in New York; sixth game, Oct. 14, in Boston. The city for the seventh game, if necessary, will be decided by the toss of a coin.

The umpires for the series are, National League, Klem and Rigler, American League, O'Loughlin and Evans.

No tickets will be sold in advance in New York except for the upper grand stand, about 3,000 or 4,000 seats

Laborer Found Dead Near Estelline, S. D.

Sunday afternoon a laborer who went by the name of William Morrisso was found dead in a stall in the Carpenter feed shed by some of his companions and the case was at once reported to the authorities. Being unable to get the coroner or the county attorney over the phone, a messenger was at once sent to Castlewood. In a short time word was received from Dr. Schwendener, from Bryant to get a physician to act as deputy coroner and hold an examination over the remains to ascertain the cause of his death. This was done and Dr. Burleigh was deputized and an inquest was held and the cause of death was found to be strangulation and the man's lungs were found to be filled with substance which he had tried to throw off his stomach, caused by drinking intoxicating liquors too freely. The authorities had a flash light picture taken of the dead man in hopes to find some of his relatives, but owing to the fact that he went by different names in nearly every town he happened to visit, it will undoubtedly be impossible to get any trace of his family or in what part of the United States they live. He had a receipt from E. A. Lentz, dentist, of Brookings, which showed that he had some dental work done in that city before coming to Estelline, but on calling up Mr. Lentz, the authorities here were informed that he gave his name there as William Martin. Thus it will be seen that to find any of his relatives will be a hard matter. The remains were given burial by the county in the cemetery here. As near as can be found he has relatives in Indiana, but no one seems to know anything further of him or where he came from.—Estelline Tribune.

Martin Alworth, of Mankato, Minn., is in the city looking after his farm interests. Mr. Alworth is one of the pioneer residents of Redington county and still owns his original homestead which he took from Uncle Sam about thirty years ago. It is one of the best farms in the county.

Pastor Russell Speaks to Crowds in Manila.

Foreign Missions Investigation Committee Given Every Means For Noting Civil and Missionary Activities Amongst the Filipinos—Pastor Russell Tells Auditors That Christ's Kingdom, When Established on Earth, Will Exercise Autocratic Power.

PASTOR RUSSELL

Manila, Oct. 2.—Gen. W. P. Hall, second in command of the U. S. Army and at one time Military Governor of the Philippines, is here in company with Pastor C. T. Russell, Prof. F. H. Robison, Dr. L. W. Jones, Mr. J. T. D. Pyles, Mr. E. W. V. Kuehn and Mr. R. B. Maxwell, the special Committee of Foreign Missions Investigation, appointed by the International Bible Students Association. They were heartily welcomed and given every facility for noting civil and missionary activities amongst the Filipinos. Pastor Russell gave two addresses today to large audiences, chiefly Americans. We report his address from the text, "Thy Kingdom come. Thy will be done on earth, as it is done in heaven." He said:—

Many of us have learned to appreciate a Republican form of government as the very highest type of civil administration. Nevertheless, the Bible teaches that Messiah's reign will be that of a Monarchy; not only so, it will be a very exclusive and aristocratic Monarchy. Additionally, it will be most autocratic—theocratic. At first, in alarm, we are ready to say, Would not that be a most dangerous condition of things? Ordinarily yes, but when I shall describe the nature of the Kingdom and its personnel, all your fears will assuredly vanish.

The Reason For the Failure of Napoleon and Papacy.

Scripturally, the Kingdom is described as Earth's Fifth Universal Empire. I remind you of the Divinely inspired dream of King Nebuchadnezzar, as interpreted by the Prophet Daniel. The great image of Daniel ii, 31 was described as representing the four successive Universal Empires of earth—Babylon, Medo-Persia, Grecia and Rome. No fifth Universal Empire has been possible; hence the failure of Napoleon and of Papacy to accomplish their intentions.

The Pastor declared that the present governments of Europe represent the ten toes of Nebuchadnezzar's image, and expressed the belief that very soon they will be smitten in a great time of trouble, as outlined in this prophecy. The trouble will entirely sweep away all present human governments, and the Kingdom of Messiah will gradually, during a thousand years, fill the whole earth.

This, in Nebuchadnezzar's vision, was pictured in the stone, taken out of the mountain without hands, miraculously, which smote the image in its feet and then became, itself, a great Mountain or Kingdom, and filled the whole earth.

Anticipating thoughts in the minds of his hearers, Pastor Russell claimed that Christendom has been astray for some time on this point; that it has declared Christ's Kingdom as already existing. The kingdoms of Europe unitarily are called Christendom, which means Christ's Kingdom. But alas! said the Pastor, how untrue! The kingdoms claim upon their coats to be reigning by the grace of God, yet the Bible says that they are "kingdoms of this world," and that the great ruler is "Satan, the Prince of this world."

The Church is the Kingdom. The Pastor claimed, however, that the Church is the Kingdom of Messiah, in an embryotic state. It is the Kingdom of heaven suffering violence, as Jesus said. (Matthew xi, 12.) The King suffered violence. His Apostles suffered violence, and all of His faithful followers since then have suffered violence. This lesson, to endure violence as good soldiers, is one of the tests of loyalty upon the called and chosen, who, proving faithful, may become joint-heirs with Jesus in His Messianic Kingdom.

As the glorified Jesus is to be the Great King, the Great Priest and the Great Judge of the world during the thousand years of His glorious reign, so the elect Church, gathered from every nation, people, kindred and tongue, are to be under-priests, under-kings and subordinate judges. The Kingly Office will be for the ruling, controlling and subduing, with authority and power; the Priestly Office will be exercised for the blessing, encouragement, instruction and assistance of all who will avail themselves of the glorious privileges of that time to become perfect men and to attain everlasting life.

The title of Judge is a comprehensive one; it includes the giving of a trial as well as the passing and execution of the sentence at the close. The trial day for the world will be a thousand years long. (See II Peter iii, 7, 8.) Paul says, "God hath appointed a day in which He will judge the world in righteousness." He also advises us, "Know ye not that the saints shall judge the world?"

PUT OUT FIRE WITH POP.

Policeman's Presence of Mind Saves Skating Rink.

Each man busy throwing pop bottles, knew that if he stopped to call out the fire department it would be in ruins before the arrival of the firemen.

Summoning several men who were passing, Ward broke open a window, jumped through and proceeded to the refreshment stand. The others had followed him, and in a few seconds each man was busy throwing pop bottles into the flames. The bottles broke and the pop drowned out the fire. By the time all the bottles had been consumed the fire was out.

Knew What It Was.

It was a nice little home, built specially to the owner's plans, and had everything up to date, with a few reminders of the good old days. For instance, there was a sun dial placed at the foot of the garden.

On the first sunny day the owner compared his own reliable gold chronometer with Old Sol's timepiece, and found there was a difference of two hours. Obviously the figures on the sun dial had been misplaced. The builder was sent for and arrived.

"Have a look at that sun dial again," said the owner, significantly. "It makes the time 11:00 a. m., and as a matter of fact the correct time is 1:00 p. m."

The builder looked long and earnestly at his handiwork, and then slapped his leg. "Ah!" he exclaimed, with a proud ring in his voice. "I see what it is, sir. There's something wrong with the sun."
