BABIES SEIZED FOR MOTHERS' BOARD

Terrible Conditions Found to
Exist in Chicago Found-
ling Homes.

Chicago, April 22.—Further evidence of "baby juggling" in lying-in hospitals was dragged from reluctant witnesses yesterday by the legislative committee on home finding and maternity hospitals.

A witness admitted that babies were taken from their mothers in payment for board. Another finally stated that prospective mothers performed household work at his residence, when he was accused of having solved the servant problem in this manner. A third superintendent of a "baby farm" said infants were sent to all parts of the country when a few hours old and without any material investigation of the character of the foster parents.

Secretary Morris, of the Chicago Orphan Asylum, said the contract signed by mothers entrusting children to the institution contains this clause: "If I fail to pay board for any six consecutive months, that shall be a full surrender to the asylum."

"The rule is never enforced," Morris explained. Dr. L. B. Rogers, superintendent of national "institutions," could not say what had become of the more than 600 infants he has "farmed out." He said he appointed a woman solicitor and that she received 25 per cent commission. He asserted he advertised in journals at Albany, N. Y., in Indiana and at Louisville, Ky.

Children Cry FOR FLETCHER'S CASTORIA

The Whetting of Wits. If the manufacturers and business interests are hurt by the slaughter of Protection they must suffer for the general good, according to the Wilson philosophy. The President justifies the slaughter in these words: "Our responsibilities should be met and our methods should be thorough." Yet during the late campaign he promised that there should be such gradual withdrawal of Protection that severe injury to business would be avoided.

Business men, the manufacturers especially, stand aghast at the havoc likely to be wrought by the tariff changes which have President Wilson's approval. Their only hope, and it is a slight one, is in modification of the bill in the Senate, the House being wholly averse to the masterful

message to Congress, President Wilson says the object of Democratic tariff legislation is to promote competition and enlarge the market for American goods. He puts it as "the whetting of American wits

by contest with the wits of the rest of the world." For the word "wits" the word "labor" needs to be substituted. If living conditions were equal the world over it would be a question of wits, but when the labor cost is dominated by the manner of living, it is obvious that higher paid labor needs to protect itself against the competition of cheap labor.

Our Democratic friends present to us a glowing picture of the reduced cost of living, but they say nothing about a reduced wage, which will be the inevitable accompaniment of the opening of the American market to the world's labor competition.—Camden Post-Telegram.

Hymn Writer is Eighty. A famous and venerable Celtic scholar has entered on his eightieth year—the Rev. Sabine Baring-Gould, rector for thirty-two years of Lew-Trenchard, Devon, on the edge of Dartmoor. Mr. Baring-Gould has more books down to his name in the British museum than any living author. He will perhaps be best known as the author of that popular hymn, "Onward, Christian Soldiers."—Cardiff Western Mail.

Guard Your Children Against Bowel Trouble

Many children at an early age become constipated, and frequently serious consequences result. Not being able to realize his own condition, a child's bowels should be constantly watched, and a gentle laxative given when necessary. Dr. Miles' Laxative Tablets are especially well adapted to women and children. The Sisters of Christian Charity, 531 Charles St., Luzerne, Pa., who attend many cases of sickness say of them:

"Some time ago we began using Dr. Miles' Laxative Tablets and find that we like them very much. Their action is excellent and we are grateful for having been made acquainted with them. We have had good results in every case and the Sisters are very much pleased."

The form and flavor of any medicine is very important, no matter who is to take it. The taste and appearance are especially important when children are concerned. All parents know how hard it is to give the average child "medicine," even though the taste is partially disguised. In using Dr. Miles' Laxative Tablets, however, this difficulty is overcome. The shape of the tablets, their appearance and candy-like taste at once appeal to any child, with the result that they are taken without objection.

The rich chocolate flavor and absence of other taste, make Dr. Miles' Laxative Tablets the ideal remedy for children.

If the first box fails to benefit, the price is returned. Ask your druggist. A box of 25 doses costs only 25 cents. Never sold in bulk. MILES MEDICAL CO., Elkhart, Ind.

THE PAINS OF HELL EXPLAINED TO US The Dangers of Ignorance and Superstition.

Pastor Russell Apologizes For Prevalent Misconceptions of the Bible's Teaching—The Worship of Hypocrisy and Fear, Great Spurs—God Seeks Worship Only From the Reverent and True-Hearted—Popular Misconceptions of Hell—The Injury They Have Done and Are Doing—True Christians Should Awake to True Bible Study.

PASTOR RUSSELL

Paterson, N. J., April 27.—Pastor Russell preached in the Opera House this afternoon. His text was: "The sorrows of death compassed me, and the pains of hell gat hold upon me."—Psalm 116:3.

The Pastor declared that his text, like many other Bible statements, is so grievously misunderstood as to prevent Christian progress. Many noble hearts, he claimed, are famishing for lack of refreshment of God's Truth. The channels of thought are blocked by fossilized errors of the Dark Ages. The ports of our hearts should be deepened and widened by the blowing up of the false and devilish hell doctrines, which blinder us from receiving spiritual nourishment. There exists "a famine for hearing the Word of God."

If this text were the only one translated and misunderstood, he said, the ordinary reader would doubtless pass it by as a figure of speech. But it is merely one of a combination of misinterpretations, all of which are connected with an eternal torment system of doctrines invented during the Dark Ages. This power of error is turning intelligent minds away from the Bible. Hence it is our duty to break down these false doctrines, and to clear away whatever hinders the flow of Truth to God's people.

The Psalmist is merely telling of his severe illness, from which by the grace of God he recovered. He would have it understood that it was not merely a slight ailment. Hence he described it as "the sorrows of death"—that is, the sadness associated with the thought that he was about to die, about to leave his friends. In poetic Hebrew, he repeats the thought in the next statement—"the pains of hell gat hold upon me." They were the pains of approaching dissolution. There is not the slightest reference to the future.

Why Not the Whole Truth. In their revised translation of the Bible, our Baptist friends use the expression, "the underworld," instead of hell. Yet even here is danger that the average reader may not catch the true thought. Far simpler and wiser it would be had the translator said, "the pains of the tomb."

Every learned minister knows that the Hebrew word Sheol really means the grave, the pit, the state of death. Why do they hesitate to tell the people? Why do they translate it sometimes the grave, and other times the underworld? Why do they use the translation, the grave, in one place, the pit in another, and then refuse to translate it in a third place, giving instead the original word Sheol? Was it their intention to confuse the people? What is the motive? We wish that some of these great men would explain.

The Reason For All This. We would like to have our ministerial brethren state their reasons for hiding the truth on the subject of hell. Only because they decline to do so, do we feel at liberty to make suggestions. These ministers seem to be of two classes, with slightly different reasons for silence on this subject. They seem to agree that it is dangerous to tell the people that God is really a God of love, and that the doctrine of eternal torment is unscriptural, promulgated during the Dark Ages by men who burned one another at the stake.

The Pastor declared that one class of ministers seem to fear that if people saw the errors of the creeds, they would discredit the ministers who had taught these doctrines. But why fear to tell the truth? Perhaps they fear that people will lose confidence in their teachings, and that the party walls of Christendom, which have so long divided God's people, will fall. Since they will not tell us, we can only surmise.

Other ministers, he said, have become higher critics, and do not believe the Bible. They prefer to pose as believers, and hope for the time when all the wealthy and intelligent will have become believers also. Then they will say, "We have been unbelievers for many years, but have kept it secret, fearing to be misunderstood as opponents of the best interests of society."

The latter class constitutes the greatest menace to law and order, and are Satan's best agents in destroying faith in God's Word. Ingersoll's methods of antagonizing the Bible were far less successful than are those of modern higher critics and evolutionists.

Would it not be wise to inquire to what extent false doctrines are responsible for the increase of wickedness? Will monstrous, unthinkable delusions produce better results than will the simple Message of God's Love?

Gloversville's Protest. The New York World sneers at the demonstration of fear and alarm which occurred on the 14th of April in Gloversville, N. Y. The people of that hitherto prosperous community are firmly impressed with the belief that trouble and want are sure to come through the prostration of their chief industry, glove-making. Last Monday several thousand of them in a public protest against the ruinous effects of the pending Wilson bill. A big parade was followed by mass meetings in the five local theatres. All on account of the Tariff. The World thinks all this is absurd. But the World evidently does not realize that it is a matter of life or death with Gloversville. Probably the World doesn't care, anyhow. Most Free-Traders don't.
