

BROOKLYN ABERNACLE PASTOR RUSSELL'S WEEKLY SERMON

Pastor Russell presented his photo-drama of creation to crowds at the American theater, Toledo, Ohio, recently. The exhibitions are given daily and free, and collections are conspicuous by their absence.

Since the International Bible Students' association, of which Pastor Russell is president, successfully launched its world-wide program, in introducing motion pictures—scientific, philosophic, historic, Bible—in "The Temple in New York city three weeks ago, where crowds are the daily order, it has had a series of remarkable successes.

The Cincinnati public gave the photo-drama a hearty welcome, both afternoon and evening, on the 18th in its celebrated Music hall, where the drama continues to run twice daily; St. Louis greeting in the afternoon and evening of the 23rd, in the Victoria theater, was no less warm, and capacity crowds witnessed both productions in the I. B. S. A. temple at Cleveland on the 25th and since.

Chance to Co-operate in Lord's Work.

In presenting the photo-drama here this afternoon Pastor Russell stated that the motive of the enterprise is purely philanthropic; that the movement is supported by voluntary contributions only, and that the world-wide campaign will progress as rapidly as the Lord's providences will permit. This is not a solicitation, he said. We never solicit! We merely state the facts and thus give opportunity to all to co-operate as much or as little as they may desire.

In his sermon in the forenoon Pastor Russell discussed that feature of the photo-drama which relates to Christ's promise, "Behold, I make all things new." His text and discourse follows: "Behold, I make all things new," Revelation xvi:5. He said:

The Bible intimates that the seven days of the ordinary week are typical of seven days, each a thousand years long. Thus St. Peter declares that a day with the Lord is as a thousand years. At the beginning of man's week he was perfect, as represented in Father Adam, but disobedience to the Creator brought upon him the curse, "Dying, thou shalt die." Under that curse our race has been steadily going downward mentally, morally and physically to the tomb—the Bible hell, abode, hades.

Man Alone Cannot Conquer.

Meantime, mankind has struggled against the curse, but to no avail. Today our race is assailed by more ailments and weaknesses, mental, moral and physical, than were ever known before. Our jails, penitentiaries, asylums, hospitals, all bear testimony to this fact. Even the morals of the world are apparently at as low a state as could well be imagined after all our preaching, after all our manufacture of hobgoblins, devils and hells to frighten humanity and thus to drive them to church, to religion, to morality. It is not time that we should acknowledge our failure and cry to God for help ere we are finished as a race? Not only have we not converted the heathen world, but we find the civilized world retrograding, and statistics show us that crimes increase on every hand.

IN THE CHURCHES

Evangelical Lutheran. Evangelical (German - English) church, corner Hazel and South Sixth streets; Gustav Metz, pastor; residence, 224 Edith street; Bell phone, 1078—Sunday school at 10 a. m. in the English language; worship at 11 a. m. in the English language; worship at 8 p. m. in the German language. The Ladies' Aid society will meet Wednesday afternoon in the Sunday school room. The Young Peoples' society will meet Wednesday evening at 8 o'clock in the Sunday school room. A full attendance is desired at both these meetings.

Baptist Church Music. Morning—Anthem, "Radiant Morn." Anthem, "Te Deum" (Reade). Evening—Anthem, "Seek Ye the Lord" (Roberts). Anthem, "Abide With Me" (Sudds).

Protestant Episcopal. Church of the Holy Spirit parish, corner East Cedar and Adams streets.—Sunday school, 9:45 a. m. Morning service and sermon, 11 a. m. Evening service and sermon, 7:30 p. m.

Swedish Congregational. Swedish Congregational church, West Spruce street, C. R. A. Blomberg, pastor; Bell phone 382.—Sunday school, 10 a. m. Morning worship at 11 a. m. Young Peoples' ship at 8 p. m. Evening service at 7:30. The Ladies' Aid society will meet at the home of Mrs. O. Nelson, 414 Second street north, Thursday at 2:30. Next Thursday (Lincoln's birthday) the Sunday school will give an entertainment and we expect a very pleasant evening. A cordial welcome to all.

Calvary Christian. Calvary Christian church, located in same block as postoffice; Harold H. Griffin, pastor; office in rear of the church; Bell phone 1094.—Sunday services: Bible school at 9:45 a. m., Elmer E. Hershey, superintendent; men's Bible class, taught by pastor, will meet during the Bible school session to discuss the ninth chapter of Matthew. Preaching by the pastor in the morning at 11 and in the evening at 7:30; subject of morning, "The Purpose of It All"; subject of evening discourse, "The Character of the Christ." Special music at both services under the leadership of Professor DeLoss Smith of the University of Montana; morning solo, "The Lord Is My Light"; evening solo,

in spite of the preaching of eternal torture. Surely we may well say: "We have wrought no righteousness in the earth." "We have done those things which we ought not to have done and left undone those things which we ought to have done; and there is no health in us."

Man's Extremity Is God's Opportunity.

While we were crying to the Almighty for His compassion and aid we heard His message. He assures us that He laid help upon one mighty to save to the uttermost all who accept His aid. It is this Savior who 18 centuries ago died for us, "the just for the unjust," to open up the way for our return to God's favor. During the gospel age He has been gathering out an elect church to be His throne and joint heirs in a coming kingdom. It is He who with His select bride, the church, will reign for a thousand years. He will bind Satan that during this period he may deceive the people no more, Revelation xx:1-3. He will use His great power as king of kings and Lord of lords to put down sin in its every form.

Meantime, as the great antitypical priest after the order of Melchizedek He will bless, instruct and uplift the people from their weakness, mental, moral and physical. Thus He will be making all things new, bringing all things to the perfection of the original Divine purpose.

Blind and Deaf We Were.

Even when we had in our hands the word of the Lord we made it of none effect by believing Satan's lie. When we read in the scriptures that the wicked shall perish, that all the wicked will be destroyed, we were hoodwinked by the seducing spirits into interpreting periah and destroy to mean everlasting life in torment. It is a wonder that a Christian hope could be held at all under such an avalanche of error. Those who triumphed down through the ages, we may be sure, were upheld by the precious promises of God's word, which negated their fears and led them often to say, alas, we do not understand it; but we trust the Lord, that he will do right.

Now, as the dawning light of the new dispensation increases, we perceive more clearly where our mistake was. Bible students the world over are beginning a fresh study of God's word in its own light, and are receiving the oil of joy instead of the spirit of heaviness. Now they see the resurrection hope, and perceive that it is based upon the fact that Christ died for all; that the first resurrection will be for the saints; few who have followed the Master's footsteps; that it will be a higher than human nature to the divine nature, and that these glorified ones will be sharers in Messiah's kingdom, which is to bless the world.

Now they see that the world's blessing also will be a resurrection, but to human perfection—a lifting up, not only from the sleep of the tomb, but also from all the weaknesses and imperfections of the flesh, back to the perfection lost in Eden and redeemed at Calvary. Thus our great Redeemer assures us that He will make all things new.

"Come Unto Me." Christian Endeavor meeting at 6:15 p. m., topic, "The Safety Verse of the Bible"; leader, Jason J. Jones. Meeting for prayer and Bible study on Wednesday evening at 8 o'clock; subject of devotions and discussions, "The Different Purposes of Christ's Miracles." The Ladies' Aid society will meet Thursday afternoon at the Coffee Parlors, 101 South Fifth street west. The Missionary auxiliary will hold its February meeting Friday afternoon at the home of Mrs. P. R. Jones, 313 East Spruce street. The program will be directed by Mrs. R. F. Perkins.

Christian Science. Christian Science church, corner of Pine and Stevens streets—Sunday services at 11 a. m.; subject of lesson, "Spirit." Sunday school at 12 m. Testimonial meeting Wednesday at 8 p. m. Reading room open from 2 to 4 p. m., except Sundays and holidays; also open Thursday and Friday evenings from 7:30 to 9 p. m. Public cordially invited to attend services and visit the reading room.

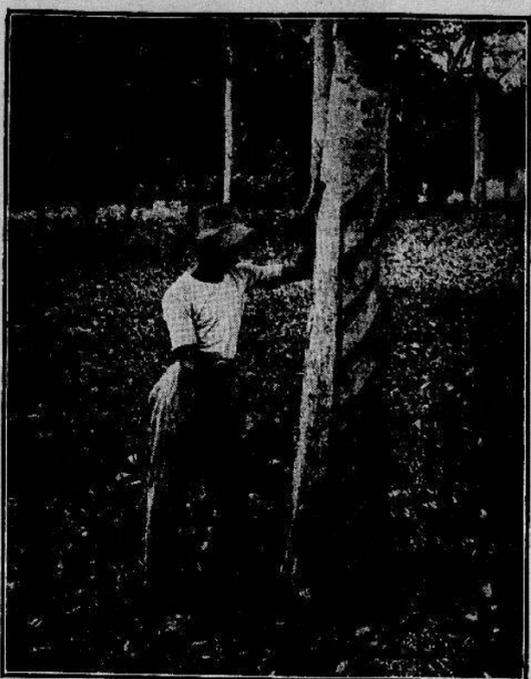

Immanuel Baptist. Immanuel Baptist church, corner of Pine and Woody streets; Rev. C. B. Allen, Jr., D. D., minister.—Services at 10:45 a. m. and 7:30 p. m. Sunday school, 12:15 p. m. B. Y. P. U. society, 6:30 p. m. Prayer meeting on Wednesday evening at 8 o'clock. The Missionary society meets Thursday afternoon with Mrs. Cool, 524 South Third street west. Strangers in the city and those who have no church home are invited to worship with us.

First Presbyterian. First Presbyterian church, corner of Pine and Stevens streets, Rev. J. N. Maclean, D. D., minister; residence, 329 Stevens street. Public worship at 11 a. m. and 7:30 p. m. Sunday school and Bible classes at 10 a. m.; Young Peoples' society of Christian Endeavor at 6:30 p. m. Strangers and visitors will find a cordial welcome at all these services. During the week the following meetings will be held. The Westminster guild on Tuesday evening in the church parlors at 8 o'clock; and the prayer meeting on Wednesday evening at the same hour.

First Methodist Episcopal. First Methodist Episcopal church, corner Main and Washington streets; Rev. Charles D. Crouch, D. D., pastor.—Sunday school at 10 a. m., Thomas Layfield, superintendent. Morning

worship and sermon at 11, subject of sermon, "Consecration"; evening worship and sermon at 7:30, subject, "Love and Obedience." Intermediate Classes for all ages. Prayer meeting and Bible study class on Wednesday evening at 8 o'clock; subject, "The Brotherhood of Jesus." Special pipe organ and vocal music at the Sunday services. Come and worship with us if you have no regular church home. Music for Sunday services at the First Methodist Episcopal church, as follows: Morning—Anthem (selected), choir. Evening—Anthem (selected), choir. Solo: George A. McAllister. Special pipe organ recital at 7:15 by Mrs. Carl Holliday.

Gathering Rubber Is Slow

The flow of rubber from the rubber trees is even slower than molasses in winter. The supply, tons of it, must be gathered patiently drop by drop. The utmost care must be taken to have the tree yield its maximum supply without injury to its growth. The back is cut skillfully, and the rubber gradually oozes out from the incision and coaxed into a receptacle at the base. The method of cutting the tree is shown in the accompanying photograph. The picture was taken in a large grove in the island of Trinidad by one of the party of tourists who visited the island on a recent cruise of the Hamburg-American liner Victoria Luise. The native rubber gatherer is coaxing the precious drops of rubber along the incision carefully widened. Slow as this method of collecting rubber seems to be, it is the only plan which enables the tree to continue to bear.

MINERS ARE BEATEN BY VARSITY FIVE

MEN FROM UNIVERSITY SET PACE TOO HARD TO FOLLOW AND WIN, 27 TO 16.

Butte, Feb. 7.—(Special.)—The state university basketball team outclassed the school of mines quintet here tonight and won, 27 to 16. A lack of teamwork and an apparent lack also of thorough coaching was very noticeable on the part of the Blue Five, but the individual work of the Miners was creditable. The game was fast and interesting. The visitors, under Captain Cummings, set a pace which was killing and hard to follow, and had the diggers at their mercy at all stages. The basket shooting of the varsity was a feature. The university quiet starts on a hard trip tomorrow, which will include several games outside of the state, the Utah Aggies to be their next opponents.

FRENZIED FINANCING IN NEW HAVEN REVEALED

"TALE OF INFAMY OF A GANG OF PLUNDERERS," SENATOR KENYON CALLS IT.

Washington, Feb. 7.—Senator Norris' resolution directing the interstate commerce commission to continue its investigation of New Haven Railroad affairs passed the senate today in modified form. Senator Kenyon characterized the published exposure of New Haven affairs as "a tale of infamy, of a gang of plunderers." Senator Oliver put into the record the appointment of Speyer and Company as fiscal agents of the navy department of the United States in London last April. One senator declared that by paying Paris bankers commissions as high as 7 1/2 per cent Speyer and company induced the French people to buy securities a few months before the Franco railroad went into bankruptcy. Senator Lodge said one result was that American credit has been given a greater blow in France than it ever received before. Attorney General McReynolds takes the view that any prosecutions for financial operations of the New Haven must come under the state laws, not the federal statutes, according to a statement to the senate by Newlands of Nevada. Modification was made in the resolution to specify that the commission need not duplicate any work of previous investigations.

A HAPPY CHILD IN JUST A FEW HOURS IF CROSS, FEVERISH, CONSTIPATED, GIVE "CALIFORNIA SYRUP OF FIGS."

Mothers can rest easy after giving "California Syrup of Figs" because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered. When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.—Adv.

Successful Everywhere. People everywhere are talking of the quick and fine results Foley Kidney Pills give in backache, rheumatism, kidney and bladder troubles. You can not take them into your system without good results. That is because Foley Kidney Pills give to the kidneys and bladder just what nature calls for to heal these weakened and inactive organs. Missoula Drug Co.—Adv.

WIDOW UNDER FIRE FOR HUSBAND'S MURDER

MYSTERIOUS KILLING OF CHICAGO TAILOR IS STILL FAR FROM SOLVED.

Chicago, Ill., Feb. 7.—Mysteries of an unusual character remain to be solved in the case of the murder of George Dietz, for whose death Mrs. Augusta Dietz, widow of the slain man, and her friend, George Nurnberg, will be placed on trial before Judge Kersten on Monday.

Dietz, 59 years old, owner of a woman's tailoring establishment and reputed to be a man of wealth, was found murdered in his home, at 773 Aldine avenue, on April 14, 1913. Following the discovery of the murder a mass of bewildering facts was brought to light from day to day. Some of the conjectures raised seemed almost beyond belief, so melodramatic, so out of the ordinary were they. The skull of the murdered man had been crushed and he is believed to have been beaten to death with a mason's hammer, which was found in the room. The handle of the hammer had been wrapped with a red handkerchief looped in such a way that the murderer could keep a firm grasp. In addition to the hammer a letter was found in the room indicating that revenge was the motive for the crime. On the night of the crime Mrs. Dietz occupied a bedroom adjoining that of her husband. When questioned by the police she said the first she knew of the murder was when she went to awaken her husband.

The Letter

The letter found in the room was uninked, written on a typewriter on yellow paper and was ungrammatical to a degree that led the police to suspect that this feature of the crime had been planned to confuse investigators. It read, in part, as follows: "I feel like a man that do right. I kill him like we kill beast. Gerly tell me all when she was sick. I work hard and he is rich man. He steal my little girl. Poor gerly she is not had she is foolish and like good clothes he gave her. He not think she tell me. This I writ if I get killed young friend not done it. I not give name. If I get chance to kill old pig we all saved."

The police at first worked on the theory that revenge was the motive for the crime and that either the father or the sweetheart of some girl committed the murder. Mrs. Dietz was taken into custody and questioned, but was not detained. She told the police that she knew nothing of the circumstances mentioned in the letter. Lack of evidence of a forced entrance to the Dietz home, as well as rumors of a quarrel between Dietz and his wife and of friendly relations between Mrs. Dietz and George Nurnberg, a harness maker, first directed suspicion against the accused. The testimony before the coroner's jury, by Mrs. Dietz, Nurnberg, and Charles Hass, a private detective who revealed to the police the friendship of Mrs. Dietz and Nurnberg, was highly sensational.

How a suspicious wife, Mrs. Nurnberg, had telephone wires tapped, intercepted letters and her husband trailed, was revealed in the testimony of Hass, the private detective. The friendship between Mrs. Dietz and Nurnberg, charged by Hass, was later admitted as true by Nurnberg, under close cross-questioning by the coroner. Mrs. Dietz, however, has denied the alleged relations with Nurnberg, despite the testimony of detectives that she had been in the habit of meeting the harness maker in a certain house on Ontario street.

The evidence of the detectives, it is said, had been revealed to Dietz a short time before his death, and it is the general belief that the prosecution will endeavor to prove that the husband was murdered to prevent his taking action to obtain a divorce. There is much speculation as to whether an effort will be made to prove that the wife was the actual slayer of her husband. Physicians who testified before the coroner's jury expressed the opinion that great strength would not be required to wield the hammer with which Dietz was killed. Mrs. Dietz is a large, powerfully built woman.

So far as is known there is no evidence to connect Nurnberg with any physical action in the murder. Mrs. Nurnberg stated before the coroner's jury, and will probably give the same testimony at the trial, that she occupied the same room with her husband throughout the night on which the murder was committed. The hammer is expected to figure conspicuously in the evidence at the trial. While ordinarily spoken of as a mason's hammer, it is said that the same style of implement is commonly used by harness makers in hammering out the inside of heavy work harness collars.

The hammer found in Dietz's room bore the name of the manufacturer. Whether the police have succeeded in tracing the implement to the retailer and thence to the purchaser has not been disclosed. Bloody finger prints were found on the handkerchief and on the handle of the hammer and it is possible that an effort will be made to use these as a medium through which to establish the identity of the slayer.

How to Prevent Bilious Attacks.

Coming events cast their shadows before. This is especially true of bilious attacks. Your appetite will fail, you will feel dull and languid. If you are subject to bilious attacks take three of Chamberlain's Tablets as soon as these symptoms appear and the attack may be warded off. For sale by all dealers.—Adv.

MARKED WEAKNESS BY RAILROAD STOCKS

NEW YORK CENTRAL AND ROCK ISLAND SECURITIES HAVE A BAD SESSION.

New York, Feb. 7.—New York Central and Rock Island securities again developed marked weakness today. Otherwise the market was dull and apathetic with the same dragging tendency of the previous days of the week. Prices eased off slightly at the opening but the movement was checked quickly and thereafter most of the representative shares were almost stationary. Canadian Pacific was strong in the early market, being influenced by a previous rise in London, but it receded. Steel was again well supported.

Forecasts of the bank statement were far from the mark. Instead of the predicted cash gain of \$3,000,000 there was a loss of more than \$2,500,000. Reserve requirements were reduced, however, by a shrinkage in deposits so that there was a nominal increase in surplus. Bond prices were inclined to slide off, owing to the pronounced weakness of special issues. Total sales, par value, \$2,600,000. United States 3s registered advanced 1/4, Panama 2s and 3s registered 1/4 and Panama 3s coupon 1 point on call on the week. United States 3s coupon declined 1/4.

Boston Closing Mining.

Table listing various mining stocks and their closing prices, including Amalgamated Copper, Anaconda, and others.

New York Closing Stocks.

Table listing various New York closing stocks and their prices, including Amalgamated Copper, American Beet Sugar, and others.

Table listing various commodities and their prices, including Colorado Fuel & Iron, Denver & Rio Grande, and others.

Grain and Provisions.

Chicago, Feb. 7.—Severe weather west held in check today short sellers of wheat but the crop acre did not sufficiently develop to start a big bull market. After a modest advance prices closed easy at exactly last night's level. Corn showed a net loss of 1/4¢ to 3/8¢, oats finished unchanged and provisions were down 2 1/2¢ to 2 3/4¢.

Snow covering, whether heavy enough or not to prevent crop damage, was of adequate extent to halt any excited buying of wheat. Increased country offerings with prospects for bigger receipts led to a break in the corn market. Oats were sustained by fear that the Texas yield would suffer harm from the temperature falling suddenly 65 degrees.

Expected larger supplies of hogs next week made the provision market easy. Lams were more inclined to take profits than to give prices support. May wheat, opened, 93 3/4¢; high, 93 1/2¢; low, 93 1/4¢; close, 93 1/4¢. May corn, opened, 60 1/2¢; high, 60 1/4¢; low, 60 1/4¢; close, 60 1/4¢. May oats, opened, 39 1/2¢; high, 39 1/4¢; low, 39 1/4¢; close, 39 1/4¢.

HEAD AND NOSTRILS STUFFED FROM COLD

"PAPE'S COLD COMPOUND" ENDS A COLD OR GRIPPE IN A FEW HOURS

Your cold will break and all grippe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.—Adv.

According to a government report 75 per cent of the backward children in the public schools of the United States are in that condition through defective vision.

A Turtle Race in Mid-Ocean

The turtle offers a much more convenient means of locomotion than one would imagine. The large variety, which is converted into soup, are surprisingly strong and will readily bear the weight of an ordinary man. Thousands of these turtles are collected every year in the West Indies and brought to American ports. They are kept alive throughout the voyage in large tanks of water. During one of the West Indies cruises of the Victoria Luise of the Hamburg-American line a number of these turtles were taken on board and in the interval before being converted into soup provided great amusement for the passengers. It was found that they would crawl about the deck carrying a full grown passenger on their backs and even obey the reins after a fashion. An important byproduct of the turtle are the large shells, often three feet or more in length, which are cut up for combs and other useful articles.
